The Year in Review

John T. Casteen III

By Paul Parker
Daily Campus Staff

The 1985-86 school year, like many years past, was a year of great change for UConn.

While it was a busy year in the life of the university, the one event of this year that will remain etched on everyone's mind was an event off campus, in the skies above Florida.

Tuesday, January 28, 1986, will be remembered as the day the space shuttle Challenger exploded and her crew of seven perished.

People will not soon forget where they were when they first heard of the disaster.

Another day UConn won't soon forget is Friday, September 27, 1985—the day hurricane Gloria swept over campus.

While the storm was weaker than anticipated, it still forced the cancellation of classes and water and power outages. Many students headed home for the safety of family, but some stayed on campus and went out during the storm for mud sliding, football or hurricane watching.

Storm damage here was light and no deaths or injuries were reported.

As turbulent as the weather was in September, the whole year was stormy for UConn athletics—the basketball team in particular.

Students returned in September to basketball star Earl Kelley's disciplinary and criminal hearing in connection with an on-campus incident the previous April.

On October 1, Kelley pleaded guilty to reduced charges in Rockville Superior Court.

His disciplinary hearing dragged on. His lawyer made several attempts in the federal courts to block the hearing on constitutional grounds.

Finally, in the early morning hours of Christmas Eve, Kelley was found guilty of having bullied two students and cleared of charges that he had a pistol in his dorm room, a violation of university regulations.

Kelley was moved off campus, but allowed to stay on the basketball team.

On February 17, poor grades caught up with Kelley. He was ruled academically ineligible for varsity sports. Kelley had failed to successfully complete course work from the fall semster by the February 17 deadline.

With Kelley gone, the team's record slid, ending at 12-16.

But the basketball team had problems from the start.

During an exhibition game against the Puerto Rican National team, the costumed Husky mascot touched off a controversy by insulting the Puerto Rican flag.

With all the trouble during the season, it seemed only natural on April 14 when head coach Dom Perno announced his resignation.

But the year wasn't all bad for UConn athletics. President John Casteen formed a task force to investigate improving the quality of the athletic program.

The crowning glory for UConn athletics in 1985-86 was on November 24 when the field hockey team defeated Old Dominion University to claim the National Collegiate Athletic Association's Division I national championship.

In unofficial sports, it took more than a lift ticket to follow the ski racing club's antics.

At one point, the Undergraduate Student Government refused to fund the club. A week later, the club got funding from USG. Later USG again refused funding to the club. In the spring, a former team member announced he was suing the club's coach for throwing them off the team.

The formation of the athletic task force was one of President John T. Casteen III's most visible acts. UConn's 11th president took office July 1 and was sworn in by Gov. William O'Neill on October 12. He succeeded John DiBiaggio who left to be president of Michigan State University.

Casteen was one of several new faces on campus this year.

Wesley Harris became the dean of the School of Engineering. Ann Quinley was named admissions director and Willie Hagan was named director of governmental relations.

The Daily Campus became the first college newspaper to have an ombudsman when senior John Yearwood was named to the post.

And on the soccer field, fans and "The North Goal Gang" greeted cheerleader and "guru" Jeremy Altman who whipped up the crowds and led some complex cheers.

Earl Kelley

Another athletic field—the football field in Memorial Stadium—was the site of a change.

Because of a stricter alcohol policy, the spring weekend concert, which hadbeen held on the Student Union Mall for the previous few years, was moved to the controlled-entry venue of the stadium.

There was also a change in the concert format. In the past, there was only one show, sponsored by the Student Union Board of Governors. This year, in addition to the SUBOG show featuring The Alarm, USG presented a second show, headlined by John Cafferty and the Beaver Brown Band.

USG's show proved a sticky wicket for a while when several USG-funded clubs thought they would be short-changed of lecture money because USG used all of it's concert/lecture series budget to fund the concert. Problems were alleviated when additional money was given to the clubs involved.

While the spring concert moved to a new location, some other parts of campus took on new looks.

The field between the Co-op and the Psychology Building, which was mostly a mud pit, was revamped into Geology Park, a land-scaped area with sidewalks.

In the nearby Student Union South, which had been called Commons, Jonathan's restaurant opened in the space formerly occupied by the Commons Dining Hall. The fast food restaurant, named for the first Husky mascot, held its grand opening on April 21.

Renovations in the Rosal's Restaurant complex brought minor controversy. Shortly

Challenger explodes

7 crew members dead

Compiled from Associated Press reports

CAPE CANAVERAL, Fla— Space shuttle Challenger exploded into a gigantic fireball 74 seconds after liftoff yesterday, killing all seven crew members.

The shuttle's crew included schoolteacher Christa McAuliffe, and Hartford native Ronald E. McNair.

Fragments of the $1.2 billion spacecraft, one of four in NASA's shuttle fleet, fell into the Atlantic Ocean 18 miles southeast of the Kennedy Space Center launch pad at Cape Canaveral, Fla.

"I regret that I have to report that based on very preliminary searches of the ocean where the Challenger impacted this morning, these searchers have not revealed any evidence that the crew of Challenger survived," Jesse Moore, NASA's top shuttle administrator told a midafternoon news conference.

There was virtually no warning that something was wrong with the space craft. The accident defied quick explanation, though a slow-motion video replay seemed to show an initial explosion at one of two steel-clad rocket boosters, igniting the shuttle's huge external fuel tank. The tank, which carries 500,000 gallons of supercold, super volatile liquid oxygen and hydrogen, burst into a huge fireball that destroyed Challenger high above the Atlantic while crew members and NASA officials watched in despair from the Cape.

Other observers noted that the boosters continued to fly crazily through the sky after the explosion, apparently under full power, leading many to speculate that the explosion may have originated in the giant tank itself.

Space program will continue

By John Ruddy
Daily Campus Staff

President Reagan called the space shuttle disaster "a national loss," but vowed that the space program will continue.

"We'll continue our quest in space," Reagan said in a nationally-televised speech yesterday. "There will be more shuttle flights, more shuttle crews, yes, more volunteers, more civilians and more teachers in space. Nothing ends here. Our hopes and journeys continue."

Reagan praised the courage of the crew, and addressed the families of the crew members directly. "Your loved ones were daring and brave, and they had that special grace, that special spark that says 'give me a challenge and I'll meet it with joy,'" he said.

Challenger's crew was aware of the dangers of the mission, Reagan said, but they "knew them and performed their jobs brilliantly. They were seven heroes," he said.

Astronaut's friendship recalled

By Matt Cyskosz
Daily Campus Staff

The space shuttle took off.

Seventy-four seconds later, a mission of research and adventure turned into a fireball of tragedy, claiming seven lives.

One of the victims, Ronald McNair a Hartford native, was a friend of Wesley Harris, dean of engineering here, and an ex-NASA employee.

McNair was a mission specialist and on his second space shuttle flight. He was described by Harris as a person of many dimensions, but reserve was his first priority.

"He was a very reserve person who was very complete, a professional in every sense and a friend," he said.

Harris met McNair at the Massachusetts Institute of Technology where he was a graduate of aeronautics and astronautics, and McNair was a graduate student. Both spent four-and-a-half years at MIT earning their PHD's.

UConn has date with Gloria

Classes canceled

Dana Orner
Daily Campus Staff

In an emergency meeting Thursday afternoon, members of a UConn executive committee ordered the cancellation of classes scheduled for today at all university campuses, due to the impending arrival of hurricane Gloria.

The committee of six administrators was phoned by President John Casteen at 3:45 p.m. Thursday. Casteen was at a college board meeting in New Jersey when he called the meeting to order.

"The decision was made to protect students who live in the dorms," Casteen said. "We tried to make the decision as early as possible. It was the optimal time to make it."

Casteen said he had faced this problem when he was secretary of education in Virginia. "You ordinarily don't have the amount of lead time to make the decision."

According to Casteen, designated evacuation sites on campus are Jorgensen Auditorium, the Faculty Alumni Center and the ROTC building.

Carol Wiggins, vice president for student affairs, said, "The overriding factor for cancellation was the fact that, could people get to campus and would people be safe walking to and from classes, and have time to get home?"

Wiggins said she didn't know when a make-up date would be set for Friday's cancellations.

UConn awaits and evacuates Gloria strikes land

By Jonathan Ferdinand

As Hurricane Gloria's 120 mph winds plowed northward Thursday night, UConn residents settled in to await the onslaught.

An announcement was made Thursday afternoon that classes would be cancelled Friday.

In dorms throughout the campus, R.A.s were issued written instructions on how to deal with the storm, according to Ken Larrow, R.A. in Colt House, the instructions included a warning that "you are on duty, and must be prepared for emergencies."

If power goes out, keep students in their rooms, and use flashlights. Do not use candles, warned the instructions issued by the department of residential life.

All R.A.s were instructed to remain in their rooms Thursday night and Friday. A command post was set up at the police station and R.A.s were told to call there for information or help. Additionally, dorm front doors will remain unlocked throughout the night.

MANTEO, N.C. (AP)— Hurricane Gloria struck its first land target early Friday when its eye swept over Cape Hatteras, and the storm's 120 mph winds, pounding surf and torrential rains menaced every hamlet and big city along a 750-mile coastal swath from North Carolina to Boston.

Winds topped 87 mph in the village of Buxton just north of Cape Hatteras at 1:15 a.m. EDT before lulling regularly to 35 mph, according to the National Weather Service on the scene.

"We believe the eye is right over us now," Dare County Sheriff Albert Austin said shortly after 1:30 a.m. EDT in Manteo, about 65 miles south of Cape Hatteras. "It is really calm. Winds have stalled. We had a better than 100 mph wind before the calm... It was really howling, extremely heavy."

"The storm has already caused a great deal of damage with some being blown down inland as well as some flooding in low-lying places along the coast," Gov. Jim Martin said at 11 p.m. A tornado also touched down in Beaufort County but caused no injuries.

It was expected to move across eastern North Carolina early Friday and move up the coast toward New England during the day. Tides up to 12 feet above normal were predicted near where Gloria's center hits the coast.

Hurricane warnings flew from Little River Inlet, N.C. northward to the Merrimack River in northern Massachusetts, which includes Boston. The center of the 300-mile-wide storm, which awed forecasters with its size and gale-force winds extending 200 miles north from its center, was due to hit land early Friday and hug the coast as it swept northward.

In New York City, the twin 110-story towers of the World Trade Center were ordered closed for the day Friday, as were city schools. Gambling was halted Thursday night at casinos in Atlantic City, N.J., and many flights were cancelled at Newark, N.J., International Airport.

The American Red Cross was moving emergency personnel along with food and communications vehicles into coastal areas between North Carolina and New York, said Brian Rubberry, a spokesman for the Red Cross in suburban Alexandria, Va.

College students seize administration building

NEW LONDON (AP)—A group of more than 50 Connecticut College students, demanding improvements in the quality of campus life for minority students, seized the administration building early Thursday morning.

The students entered Fanning Hall at about 4:30 a.m. and chained the doors behind them. An unidentified student told *The Day* of New London that one of the students had hidden in the building before it was closed for the night and later allowed the rest to enter.

They still occupied the building on the exclusive, private college campus early Thursday afternoon.

Another student told reporters that their two main demands are "implementation of an affirmative action policy by 1988 and a mandatory sensitivity training workshop for all personnel and staff by the fall of 1986."

President Oakes Ames spoke to the students about 6:30 a.m., offering to allow them to remain in the building, conduct a news conference and meet with the administration if they would agree to open the building.

At 8:30 a.m., Frank Tuitt, president of Umoja, a black student organization, addressed Ames from a second-story window.

"We feel if we allow (business inside) the building to go on as normal it would be defeating the whole purpose," he said. "If we back down now, I've stayed up all night for nothing and other people have stayed up all night for nothing."

"Admissions has practically become preoccupied with the recruitment of minority students," said government Professor William Frasure. "Allegations that this college has been lacking in its commitment to minorities is ridiculous. If anything, we've pandered to minorities in an effort to avoid something like this."

Six sanctuary activists convicted of smuggling

TUCSON, Ariz. (AP)—Six sanctuary movement activities were convicted by a federal jury Thursday of conspiring to smuggle Salvadoran and Guatemalan aliens into the United States. Two others were convicted of lesser charges, and three were acquitted on all counts.

The jury deliberated more than 47 hours over nine days on a total of 30 felony and misdemeanor charges against the 11 defendants, who included a Presbyterian minister, two Roman Catholic preiests, a nun, and seven church layworkers.

The three found innocent of all charges were James A, Corbett, 52, one of the founders of the sanctuary movement; Mary K. Doan Espinoza, 30, of Nogales, Ariz., and Nena MacDonald, 38, of Lubbock, Texas.

A second founder of the movement, the Rev. John M. Fife III, 45, was convicted of conspiracy and two felony counts of aiding transportation of an alien. He was acquitted of a misdemeanor count of aiding and abetting illegal entry of an alien.

During the trial, which lasted almost six months, the prosecution maintained that the defendants violated U.S. immigration laws between late 1981 or early 1982 and the beginning of 1985, helping people who came to this country only for economic betterment.

But the defendants contended they lawfully aided people who were fleeing persecution in their homelands. They said the Salvadorans and Guatemalans were refugees, and that under internatioanl law and the United States Refugee Act of 1980 they were entitled to political asylum.

"I'm disappointed," Fife said after leaving the courthouse, "but this is just the first of a series of judicial decisions."

Defense attorneys said the case would be appealed. "The fight is not over," said attorney James Brosnahan.

Soviets say radiation from plant is decreasing

MOSCOW (AP)—The Soviet Union told a nervous world Thursday that radiation from the nuclear plant disaster was decreasing, but one of its diplomats said other countries should not relax because the "accident is not over."

The Kremlin presented a calm face, rejecting offers of help from the United States and other countries, but an international bone-marrow transplant organization said its offer to aid victims had been accepted.

Traditional May Day parades were held as usual, including one in Kiev, the Ukrainian city of 2.4 million only 80 miles from the Chernobyl power plant where a reactor caught fire Friday. State television showed colorfully dressed folk dancers performing there.

The cause of the accident has not been revealed, but Soviet radiation expert Pavel Ramzaev said when asked Thursday if it was a meltdown of the reactor core: "I suppose that is so."

There were conflicting reports about whether the reactor fire had been extinguished. U.S. intelligence sources had said Wednesday in Washington that it still raged and could burn for weeks.

Vitaly Churkin, second secretary of the Soviet Embassy in Washington, testifying before a House of Representatives subcommittee Thursday, was asked whether the fire had been put out. He said, "I don't know," and added: "The accident is not over with. That is clear. We have not told other countries that everything is OK and they can relax."

The U.S. Agriculture Department said shifting winds were carrying a radioactive plume from the stricken plant over the rich farmland of the western Ukraine and into Romania, Hungary, eastern Czechoslovakia and Austria. Poland reported less fallout than in previous days, but said radioactivity levels in water and soil remained high.

Priest calls for disarmament

By Terry Chriswell
Daily Campus Staff

Non-violent nuclear disarmament was the message of the Rev. Philip Berrigan at a lecture Wednesday night.

Nominated six times for the Nobel Peace Prize, Berrigan, a graduate of Holy Cross College, spent 39 months in a Pennsylvania penitentiary during the 1960s for resisting Vietnam military activities.

He was also arrested in 1980 when he broke into a General Electric plant that manufactured nose cones for the Minuteman missle and ruined several with a sledgehammer. He was sentenced to three to 10 years in prison. His sentence is currently on appeal.

"War is the ultimate curse of human beings," he said , "and it must be taken seriously. All people of the Earth are hostages of bombs and are on the death row. We have made a marriage with death."

Berrigan said he considers war a "pornographic game," and the only way the government will realize this is for people to insist on disarmament and to no longer remain silent. "Our silence is a deafening shout supporting the bomb," Berrigan said.

"Nuclear war is incredibly, immeasurably wrong to the point of being self-destructive," Berrigan said. But to the government, he said, "nuclear weapons are pea-shooters. Enough is never enough."

Berrigan said he believes peace can only be achieved through justice, that peace is a "flowering" of justice.

"We should treat our neighbors how we like to be treated, and there will be no peace for our country unless this is done," he said. "Religion, race and sex shouldn't separate us—that's not who we are. What is just is loving, and what is loving is just."

Berrigan also discussed the role of religion in war. "The bomb has killed our faith. Spiritual destruction eclipses physical destruction, and we haven't even assessed moral destruction yet," he said.

Berrigan talked about people and their feelings, saying that "we have not stopped believing, we just believe in the bomb. Too often those Americans who are numb in spirit learn to love the bomb. Fear afflicts us, and the world seems to totter."

Berrigan applied war to other aspects of life.

"World hunger, poverty, joblessness, discrimination, the cancer epidemic—there will be no solution until we outlaw war," Berrigan said. "One in four people will contract cancer in their lifespan, and that can become one in two. We are committing global suicide by slow poison, stemming from atoms for war."

Berrigan explained severel steps to nuclear disarmament.

"The individual must search for the other individuals that see reality in an unvarnished way," Berrigan said. "Move publicly and non-violently and start moderately—learn as you go along. We must help one another unlearn violence."

In order for the dream of nuclear disarmament to be realized, Berrigan said, we must "make hope become real for all American families. Learn to say no, no more, or enough is too much publicly with non-violence, justice and love."

AACC presents awards

The Afro-American Cultural Center presented three awards at the First Annual Anna Victoria Little Memorial Awards Thursday night.

The awards were created, according to Aliza Jenkins, public relations chairman of the Black Students Association, in the memory of Vicki Little, a student of UConn who died last May. "She was an outstanding athlete and person who contributed to the goals of the A-ACC," said Jenkins.

The winner of the athletic award was Carl Dean, a senior and co-captain of the men's track team. Artie L. Travis, coordinator of the A-ACC received the service award, and winner of the leadership award was Aileen Bell, first black homecoming queen and winner of the Donald L. McCullough leadership award.

Wednesday night, The Black Students Association elected their committee chairmen of the executive board for the 1986-87 year.

The elected officers include Javaan Collins, human relations; John Steinline, scholastic committee; Sean Foster, social committee; Aliza Jenkins, public relations committee; and Alma Scott, membership committee.

The Connecticut Public Interest Reseach Group, better knpwn as ConnPIRG, Wednesday elected its executive board for the 1986-87 school year.

Because of the increased membership, a ninth member was added to the board, the group said.

The new board members are, in alphabetical orde, Douglas Adkins, Lane Benson, Mallory Buckingham, Jim Damicis and Joyce Fand, Diane Harris, Patrice McCurry, Elaine Velleca and Wayne Tillinghast.

The board was elected by those students who had paid the optional three dollar ConnPIRG fee on last semester's fee bill.

Next year's USG Executive Board elected

By Traci Meister
Daily Campus Staff

The new Undergraduate Student Government Assembly elected the 1986-87 executive board Wednesday night.

Kraig St. Pierre defeated Steve Protter and Jeff Taylor to become the new USG president.

St. Pierre, a fourth semester political science major, sees his main goal as president as the raising of USG's image. He plans to do this by funding student clubs responsibly and by actually representing the student opinion.

"Everything else is cake if we can do this," he said. None of the motions made on the floor will mean anything unless USG caters to the students' needs and handles the club funding in a satisfactory way.

Work on a funding booklet has been started, St. Pierre said. This booklet will outline the process a club has to go through to request funding.

St. Pierre said the booklet will make the process faster and smoother. It will give the clubs a chance to come to USG meetings prepared to ask the right questions.

Michael Kainen, a fourth semester history and political science major is USG's new vice-president.

The vice-president is supposed to chair the executive committee, Kainen said. "I want to better educate myself to the jobs of the committees to be able to offer them better assistance."

The "smoother running" of USG is Kainen's goal for the fall semester.

USG needs better public relations and to be less ideologically oriented as past executive boards have been, Kainen said.

Better public relations will come through better press relations, he said.

There were no "political screw-ups" this year to advance a poor public perception of USG as in past years, Kainen said. "Most of the bad memories of USG will be washed away by next year."

Kainen wants to see USG provide more services like the Bigger, Better Deal that show USG doing something for the students.

Also, "USG should stay clear of all politics unless it concerns us, as students," Kainen said. Past committee executives have gotten the executive committee and USG too involved in political situations that did not involve the students.

The new comptroller for USG is Ross Garber, a second semester economics major.

As comptroller, Garber will supervise all the financial accounts of the treasurer and accountant. He has to make sure all financial matters pass through him before they get approved.

Garber's main goals for the upcoming year are for increased communication with the student body and efficiency within the assembly.

Admissions has toll-free line

It's a toll free direct link to the Admissions Office here.

1-800-486-5579 is the university's new installed Admissions hotline. It's also the first toll-free line to be offerd on a permanent basis by UConn.

Ann Quinley, director of admissions, says the toll-free line was installed to give people of Connecticut freer access to the university, and to provide better service to the state.

"Our office answers thousands of calls every year. Among some of the more common questions we receive concern admission standards, campus housing, and decisions about student applications," Quinley said. "Right now we are experimenting with this phone line to see what kind of information the state wants from UConn. Then we will work towards providing it in the most effective format," she added.

Carol Shumway is one of three people who will be answering the hotline.

"During the busy season, I spend a great deal of my time answering parents' questions. Now that the toll-free line is in operation I expect to see an increase in the number of calls we receive from parents," Shumway said.

Quinley is concerned however, that the toll-free line may discourage some people from using the service.

"It's the only line and I worry that if it gets a lot of use that people will find it busy most of the time," she said. "I'm hoping the hotline helps people who need to call and talk with us at some length. The burden of the phone call should not be on them, but on us."

If you dial 1-800-486-5579, and get a busy signal, be patient and try again.

Math program given grants

The university's actuarial science program has received grants from $1,000 to $5,000 from eight insurance companies.

Seven northeast companies have now joined the effort to educate qualified students in actuarial science begun in 1983 by CIGNA, which established an endowment for actuarial science.

They are Aetna, Connecticut Mutual, Guardian Life, John Hancock, Monarch Life, David Langer Inc., and Travelers.

The endowment will provide scholarships to students who study actuarial science at UConn, and to encourage students to begin study in the science.

Charles Vinsonhaler, a professor in the Department of Mathematics, says actuarial science is the study of using mathematics to solve problesm regarding risk, particularly concerning insurance.

Vinsonhaler foresees a huge demand for qualified graduates in the field in the future, and says the scholarships are an opportunity for students to join the actuarial program at UConn.

Applications are now being accepted for scholarships to be awarded for fall, 1986.

CONGRATULATIONS

Alumni

Michele,
One more semester down and everything is still going great. Congratulations 'cause we're half way there. I love you very much.
Charlie

To Mongilloween, Marshamellow, Dish, Ti, Jom, Toe, Kel, Julie, Wendy, Laur(en), Sue, Judy, and all of Eddy and UConn who made college great for me: Thanks! Good luck finishing up. Save a place for me so I can visit! – Merry Kressmess.

DEBBIE C., SUE, TRICIA, DEB B., KIM: If it wasn't for you guys I'd still be anti-social and miserable! Thanks for making my UConn experience memorable. I'm gonna miss you! But I'll visit, honest! Deb, are you sure the corporate world is ready for us? As always, Love, Marge

George, You've made my freshman year very special. I'll miss you very much. Don't ever forget you're my king and I love you. Vanessa

Larry- Can you believe we're outta here? Just remember: Shemp, Bill with the helmet and the stickers (guess you had to be there); rock me, roll me such a song; Jim, who knew?; Murgie's pocket donuts (and juice that comes in boxes); Mrs. Platsky; and BUBBLES! (I can't believe they still call me that) I'll miss you-Keep in touch. Always-Becky.

DAWN WHAT'S YOUR MOTTO FOR YOUR LAST SEMESTER? WE'RE GOING TO MISS YOU!!! BE GOOD IN BOSTON---WELLLLL, WITHIN REASON. LOVE YA! L&R&D

HEY KOEPPELL Congratulations you're finally out of Here!! Keep me posted this summer. How are we going to share our ever occurring dilemmas? I'll miss you! Love ya MKA

Doug - Brock 2nd - Even though I haven't seen you in awhile - just wanted to wish you good luck in the future! Love - D.

Hey Ares-Mars,
Maybe Ovid had all the answers, but it's much nicer experiencing them oneself.
Love, Aphrodite-Venus

Marge P - my second Mom, Congratulations on Graduation and your new job!! Thanks for EVERYTHING - How will I survive without you? Take care of yourself, Greg and snowflake. Remember: Hawaii '87!! Love always, Kim

Debbie C (Prez and Owner) - While GUMBY was walking through the WAR ZONE carrying her GUCCI BAG in search of the B-PATROL, JAWS came up and said "LET'S GO MAKE SOME NOISE" let's play the STEREO and TV TOGETHER Are you going to SLEEP on the COUCH tonite? It's okay as long as you don't SPILL on the RUG. Now which WORD didn't you UNDERSTAND? Congratulations! You made it!!! Just remember, you can't come up and visit until you get a sunroof. Love ya lots!! Sue and Tricial

Paul - Before I met you, I never knew what it was like to work 5 to 9; I never knew a lot of things. I'll miss you. Diane P.S. Rosanna will be here later!

Joan - Congratulations!! Atlanta will be great. (The mean age of men there is 20.) Best wishes for the future. Love, Michele

To Rockin' Watson's 6th Floor Wild Women: Thanks for the "surprise" party youguys!! Let's start planning the trouble we can make next semester!!! Love, Lisa

Gina (Brock 3) - You have been the greatest friend. Life at UConn won't be the same without you. You'll be missed so, so much. Love you, Tina (Tune) & Cathy

Eddy 3rd - Thanks for all the fun and CRAZY memories! I'll be back to visit next year. Good luck on finals and have an awesome summer everybody! Sue - RA

JJ, Even though all you like to do is drink, make noise, and light fireworks, I still love you! (But no more signs!!) I'll miss you. Love, Wendy

Todd - Too bad it took us so long to meet. It's been a lot of fun. Have a great summer in Nantucket. Love, Susan

JoAnne - We've been there for each other for as long as I can remember - passing click-click barrettes in Kindergarten, throwing a potato at you at the Jr. Prom, chowing Heath Bar Crunch Ice Cream and red hot dollars, explaining my drunken bruises, milking drinks out of men at Vic House, calling A.J. 4x a day, analyzing relationships, and sharing so many laughs and good times. I love you! Tricia

T.J. (Brock 5th floor): how 'bout we get together more than twice a year - just a suggestion! (Who's gonna understand my sense of humor?) Good luck! -Har

KAREN on Eddy 3: the countdown moves into its final days. Congrats! You'll be missed.

To the last of the original Watson Beachers- Dave L. and Andy P.: Happy Graduation Andy and good luck next year Dave!!! Happy Graduation to Denise and Cathy also. It's been great!!! Stay in touch. Love Grayliz

Eileen - the past two years have been turbulent. Thanx for always being there for me! You're a wonderful person. I don't think I would have made it this far without you. Good luck! I hope you find all the love and happiness you deserve. Knock 'em dead leener. I love ya. Penni

Compo - Here is the personal you have been begging us for. You can't graduate, you don't have a stamp! Happy graduation and best of luck in the future. From your Maplewood Incident Associates

KEVIN - I hope you're satisfied now. Thanks for making this a semester to remember. Good luck next year, wherever you are. Keep in touch! Bobb

Cheryl, here's to keeping secrets, mysterious red paint, staying out all night and partying with slippers on! You were the best roommate! Love, Donna

Cassanova, we'll miss your bedtime stores which kept us so amused
we'll miss your tricks and pranks
that leave our floor abused!
we'll miss your sill grin
and the truths you hide behind it,
we'll miss your gorgeous legs
and your body how you flaunt it!
But most of all we'll miss the guy
who's been a great friend to us all-
we'll miss you and we love you,
2nd floor Watson Hall!
Congratulations love, C, E, D & S

Kasia, (Brock) even though my body with be missing from 2 South of the library, my spirit will always remain. Good luck always. Love, MEg

Debbie (Eddy 3rd) You've waited four years for this and now it's here. YOUR 1ST PERSONAL! Oh yea, and graduation. But... who is going to go on all my escapades or understand when I'm upset? The floor may not realize the special person they're losing, but I do. Good luck in the real world. Love, Kathy (we're only buggin')

PFG- As you said, "No goodbyes, just "see you laters"." I hope it will be that way forever. I love you very much. WRD

CATHY-You and Laura have made this such a great semester; I'm going to miss you very much next year. We'll have to plan some road trips for the summer! How far is Wilton, anyway??? love, Wendy

Annie & Raquel thanks for making my last year at UConn so great! Remember Hartford, the beach, hawaiian punches and good times. Love Ya, Miss

Laura, I can't tell you how much I'm going to miss you next semester: the old 45's, our tent, "meet me at the co-op after class", the birthday, "everything in the refrigerator is frozen," the phone's broken, tanning (am I any darker?) and that black Angus cow! You're a super roommate and a special friend. Love, Wendy

Gina baby, It's been great knowning you. I only hope that we'll keep in contact. Good luck, and htanks for my new nickname. Love, Foooty

Steve, thanks for this past year! It won't be the same without you nearby next year. But we have the rest of our lives together.
Congratulations on graduating and remember, I'll love you forever, infinity.
Love, Helen

MINDY BABE! thanks for making senior year extra special- I'll never forget the great times- my birthday, semi, Hooli's, shopping .....everything being soooooooo CUTE! Guess what? I'm not crying yet. Love you & Gregg. Mackey

marge, we made it! And without any permanent, physical scarring noticeable. I'm psyched! Don't forget about our trip to Boston. Love Ya. Deb

Nads & Stoopih:
HEY YOOZ GUYZES! WE'S HAVE HAD LOTS OF FUN TIMESES TOGETHER. I WISH YOOZ GUYS WEREN'T GRADUATING. MYRTLE BEACH WAS THE BEST. DAS, LETS DO IT AGAIN. DANNOS & I WILL MISS YOOZ. PLEASE DON'T LOSE TOUCH! LOVE ALWAYS, SPIKE

TUNA:
Even though you're graduating, you're still a freshman to me. You are a special fish, and you're fun to go out with , especially because you're easy to find! Don't you touch, okay? I'll miss you.
Love, Eric

Christina- Well, you're almost finished!! I'm really gonna miss having you around next year- we'd better start saving for those phone bills! Thanks for being a great sister! Love Ya--Jen XO

LARRY Brock (5th floor) be very careful out there in the real world... you know your body isn't going to get you everything! But it still goes far with US! It's just not going to be the same without you! We love you very much graduate, Laurie and Cheryl

Karen (Eddy 3rd) Hang in there Kiddo, it's almost over! What a great year it's been. We've come a long way since those days of calling Dick everyday! Thanks for all the notes and all the laughter... here's to P.B. eggs, Spanish, Sociology at 10 a.m. and most importantly to UNH's next Psych. Whiz! I'm going to miss you... Congratulations! Love, Laurie

JOJO in Watson. Why would you want a blue personal when you could have a black one instead? I feel lucky tohave you. My baby blows them all away. Thanks for a great year and good luck on finals. Love, B.

Hey you sexy babe on 2nd floor Belden. You're the greatest! Thanks for being the greatest friend ever! Your optimism, support & strength has helped me through so many situations and taught me so much. I'll miss you lots and much success! Luv S.
P.S. How am I gonna get my daily fix?

Carl, Thank you for making this past year the best! I hope your last year here has been as good as my first. We've been through a lot together, but we made it! I know you'll make it out in the "real" world and will become a big success! Just remember, no matter where you are or what you're doing, that I LOVE YOU and always will! Congratulations on graduating!! Get psyched for summer!
All my love,
Mish

To John and Steve, you guys are the greatest. Have a great life after graduation. Hope to see you again sometime. From Your Neighbor in 616

Hey LBJ,
Thanks for making my senior year the best time in my life!! There are so many memories - Spring Weekends, ice skating, walks, movies, our notes, and our fights! But each memory is special and I will never forget any of them! I Love you, and I can't wait to spend our lives together!
Love, Robert

GINNY Congratulations you made it! Now its off to Law School. I hope Law School will be as successful as this was. Love Thomas

Dear Ginny: Even though we didn't know each other until this semester, you've become a great friend. Thanks for all the conversations to and from Willi. Take care of those tonsils! Good luck in Law School - I know you'll do well. You'd better come up and visit! Love, Laura

Dingles - We finally made it. Thanks for being there when I needed you most. Get psyched for Florida. I love you dear. Love Boug

Yim, Congratulations to my UConn graduate. I hope I've made your last semester as special as you've made my life happy. Despite the miles apart we'll be, my heart and love will be with you always. I Love you. Paula

To all the graduates of Buckley 6N who have made this year so special. Congratulations, and good luck in the future. Love Jeanne and Steph

Dawn, You are the best sister anyone could ever have. Thanks for always knowing the perfect thing to say. Have fun next year, you'll have to take my place at Ted's. Take care of our little brother. Love, Deb

Tim You still owe me a million backrubs! Love, me

Tom Sorry I missed the end of "The Natural", but I had fun anyway. Hope I see you next semester! Love, Sleepy

JEANETTE Buckley 1S: Good luck with your new job. Thanks for all the good memories! Keep in touch, you couch potato! Okay? Cool Beans! Buckley-Vice four

Trish: This is it. You are going to be in the real world now. That means you can't zoom off to parts foreign everytime you feel like it. Good luck. It was fun. Love John.

Aimee: Yes, this is one of those queer roomie personals. You have been a great friend. I'll miss you quend tu vas a Rouen! Love, Mary

Sal and Sue,
Congrats to you!
Onto great things.
Gotta love that.
Remember, as you face the world, that "To the lion in the zoo, Madeline just said, 'Poo, Poo!'"
UConn won't be the same without you two (and your clothes!). I'll miss you.
Love Always, Jane

Boug, Congratulations! You have finished the first stretch! On to Grad School next stop! I'll be with you all the way! Love Dingles! P.S. Get psyched for Florida.

Buckley 2 South You know who you are I just wanted to thank you for a special year! We've all shared so much both good and rough times. I'm glad to have been a part. "Bye Bye Miss American Pie" will always be close to my heart in memories! You are the best and I love you! Trish. P.S. See; you at "THE" Party!

Margie, to my bestest of friends and future roomie, I'll never forget all the fun we had this year: "It" (and all the rest); Wheeler 4:00; Boards; "Danish" "Who's coming now?" The broken...? Shh don't tell!! (You're so embarassing); late night picnics and "THE WINDOW!" Marge, I just want you to know you're a very special person and the greatest of friends whom I could never imagine this year without. Thanks for everything! I will miss you very much this summer. Love, Linda

5N-
You put me through many changes
Faces and names are clear
But I'll just leave my music ringing louder in your ears
Those were the most appropriate words I could find for you to remember me by (not that you'll ever forget me). Throughout the years, you guys have been major-league pains, but we've had some good times and I'd be lying if I said I wouldn't miss you. You guys are the last to go, and 5N will never be the same. Maybe next year the floor will have a good reputation, but I doubt it (and you thought that my roommates moved out because of me).
Good luck out in the world, and remember: Silver linings may disappear, but they always shine. It's always a mystery.
-Sam (The Last Mohican)

To the Finnish educator, and her horny husband (touchy-feely). We at Buckley will miss you at the salad bar. Keep in touch, with each other also. Go for cheese, and squeeze those tomatoes. 2 South. Thank you for an arousing semester.

To the women of Buckley 3 South: You're Great!! Thanks for all the good times. I'm going to miss you all. Good luck in the future and take care. Love ya, Alice.

To the men of Buckley 2N. Glad to hear many of you will be returning next fall. Good and You! Hopefully the women of Shippee will forgive us. Thank you Shippee 2C for making our dreams come true! LTo Roger, buy a new personality, you're not a bad dude. Jeff, treat women as equals! Hotrod, VOUBS rule. Dennis, I told you it was incredible! Pizon, spend some money. Neri, never change. Ross, We'll use your law services some day. Chuck, the position of Secretary of State awaits. Buona Fortuna in grad school, You'll ace it J & A

To all the friends of Ken M. (Hicks 3rd):
It's been a wonderful year and semester. To my daughters Kirsten and Karen, have a happy summer and I hope to see you. To Lisa D., I hope to see you over the summer and maybe I'll see you a little more next semester. To the members of C.S.I. and Hicks 3rd, see you in the fall. To Rusty, Edgar, and Mingo, I'll miss typing your papers. To Hicks 2nd, (especially Cindy A.) enjoy your summer, you'll be missed. Ross, Chuck, and Darren, congratulations on your graduation and come back to visit. To my roommate, Andre: This has been ONE interesting year, hugh?! Enjoy your summer here, at UConn (ha ha). To Patty D. from the Credit Union, it's been a great 2 years, enjoy your career whatever it may be! To Juliet, Jose, Shirley, and Dawn, enjoy your summer and hopefully I'll see you next year. To Bill and Sal, I didn't see much of either of you this year, maybe I'll see you a little more at home over the summer. And how could I forget my new good friend, Kathryn (I hope the Daily Campus spells it correctly because I know I did.) If you go on co-op, I hope to hear from you sometime next year. If you don't go, I'm sure I'll see you in at least one of my classes next year. To whomever is left, please forgive me for not mentioning your name, but you've got to understand that this is getting a little expensive. So, I'll say good-bye, good luck, and enjoy to everyone.
Love, Ken M. (a.k.a. "The Capitalist," "Spiker," and Dad)

Michael, I'll be very blue when you're gone. Only one more week left. You'll be done before you know it. Good luck on your finals. Love, Janet
John, Sadistic Drill Sergeant - Get way psyched for the Cape, but my god, you'll have to learn how to dress! Love always, Donna

DO-HO RIDES AGAIN!
Storrs - Ms. Do-Ho was last seen exiting Theodore's in a Stupendous Stupor with a Quasi-smile hinting of Graduate Poos yet to come. It's a fresh new start with old friends who appreciate you just for being you!! Love, Nikki, Joe, Liz, Kris

Karen and Melissa (Batt C): As you venture forth into this big, wide world, don't forget this poor inmate with her parole held back another year! Best of luck! Love ya lots!!!
Joyce (Batt B)

Sheryl, Here's your personal! Get psyched for the CPA and our teeny weeny Wu-Wu party!!! Love, Kathy

MJG: I guess it takes some of us a little longer, but HAPPY GRADUATION anyway. Good luck with the job! Love, Sheryl

Sheryl and Michael J. - I'm so glad we all became friends. Remember all the fun things we did. I'm gonna miss you both. Good luck. Love, Tanya

To our two seniors, Mary Beth and Marianne - Best of luck, and we'll miss you! Happiness forever - Hanks B

This one's for you Michelle L. Bolieu! Happy Graduation - Teacher from Hilary

John M. my little cornball - Congratulations on a four-year job well done! You are very special to me, and you've given me so many special times to remember. I hope we have many more! I love you always, Michele P.S. I hope your expertis in geology can help you find a job studying "rocks with pigs on them."

A.K.G. A BELATED CONGRATULATIONS TO UCONN'S MOST AWESOME GRADUATE. IT WASN'T THE SAME WITHOUT YOU THIS SEMESTER. I MISS YOU P.S. WHAT'S YOUR FAVORITE COLOR? LOVE, A.K.G.

HAVE A GOOD SUMMER

Frats

Lori- Remember Claudia, Alice, Gina, sneak visits, ruining curves, writing letters to NY and me. So many memories- I love you. -Evan

Shavaun Congratulations, you've finally made it! Good luck in the future, I hope to share it with you. I'm very proud of you!

FRIT Here's to SEVEN semesters. FAPP

Ed, How did Brookstone give me such a great friend? You have made my last weeks unforgettable. I'll always value your support. Love, Bets

Tom, These two years have gone by so fast, thanks for being there for me and supporting my return back into "College Life." Now look out UMASS, you have what it takes and will be terrific! I'm behind you all the way, you will make a terrific T.A. Love always, Kim

JOSHUA TERRY A
UCONN won't be the same without you, especially next semester. What an "involvement" we've had! Good Luck on exams and jobhunting- YOU'RE ALREADY A SUCCESS! Get psyched for the Cape! REMEMBER ME!
LOVE ALWAYS,
JoAnn (JJ)

RICK Batterson A: You SLY DOG!! Have you gotten in TOUCH with any of your old friends lately? Gossip runs rampid in Buckley N.

To All My "Buddies" in Hanks B: (And Even My Friends and Pals) Thanks for making this semester so great. You guys are all really special. I'm going to miss you all this summer. Stay in touch. Love Brian. P.S. Congratulations MaryAnn and Marybeth, you made it out alive.

AL - We've grown as brothers more and more since that big transition;
And it's really tough to write this when we're in this tight position.
But the past few weeks have really been such a terrific blast;
With only one complication that will hopefully be in the past.
The Talking Heads and mysterious detours down in Willimantic
From the back seat of your "Woody" were far from being romantic.
But Thumpers was another case, and I'm glad you were the first.
The burritos cured our hunger while chocolate soda quenched my thirst.
Remember slammers (OUCH!), Yukon Jack, B.J.D., Mexican and Abuse;
And your O.P.
shirt, taxicab hat and Vuarnets got some use.
It was vollebyall that enlightened us to what is really there;
And you can tell from the length of this that I really, really care!
Of course this is totally innocent and as mellow as Steely Dan;
I just wish this all could be for real and we won't talk about my tan
So this is your blue personal - the one for which you begged;
Just think about it a second ... it all started with an egg!!

KATHY - Spring Weekends, Yale Bowls, Fort Lauderdale, Cape Cod, Buckley, are only a few of the great times we've shared. This friendship has just begun! (Michelle, Jill, Beth, Debby - WE MADE IT!!) love, Robin, Joann

Sheryl, Well we never got out for Chinese - Maybe this weekend? good Luck on the CPA Exam. You'll do great! Congratulations on Graduation but we'll miss you! Love, Denise and Tracy

Jenn L. - I have made many mistakes in my life; the biggest one was not getting to know you better. Since it is spring, a time of growth and happiness, could you find room in your heart for me and make my blue life bright with your love? Help me!?! Jeff D.

To Wendy, Cathy, Pat, and Sheryl: I'm going to miss you all lots next year. You better visit us. Best of luck for your future and always. love, the Freshman P.S. Just one semester left Michelle, then it's your turn

JIM, SCOTT, BILL, & MARCO: I can't say the past couple of years were all fun, but we had our laughs. Thanks for everything and best of luck to each of you. - Rob

Sharon - On the elevator of life, always remember to POOSH DA BUTTON!! YOU'RE THE GREATEST!! I LOVE YOU!! Thanks for being such a special sister!! Suezahn

Hey, you awesome people out there - Dave and Hilary: you guys are the bestest! Thanks for everything. Good Luck on your finals... and get psyched for groovy days in the sun. Love Cree

MARY ELLEN: I know you will be a great teacher because you have already taught me a lot about life. Thanks for everything. I wish you well and take care. Love, Joyce P.S. Life is like an onion!

Little Rick, My favorite Drinking buddy, too bad it was only for one semester. Have fun overseas. Think of me I'll miss you! Love Mo

DELTA CHI BROTHERS
You've made the last 3 years the best ever. You guys are the GREATEST. Good Luck in the future. FRATERNALLY, VINI

KAREN, Although distance will separate us over the next two years, we will always be together. Good luck on finals. Love you always, VINI

Huey, Bill, Jim, and Kevin: Congratulations you guys!! You can't say it hasn't been fun! We'll miss you lots, so come back soon and PARTY! Love, Kris, Sue and Butts

Aaron: Congrats, cutie!! Look out NYC-- here comes the Fabulite King!! We'll miss you a lot-- maybe we can have some more weekend slumber parties at your new swingin' bachelor pad!! Thanks for being one of our best friends! We love you, ASPF!!! Love, Kris, Sue, and Buttsie

Patty, Congratulations on a great accomplishment. Your four years of hard work have finally paid off. You have made this year a very special one for me. Let's celebrate! Love, John

Dear Sue, You don't know how much we're goig to miss you! You're the best roommate, friend and Kappa ever! Congratulations on your new job! Love, Lynn and Sue

To the sisters of KKG- Thanks for making my spring semester great! Good luck seniors! And Deb V.- I'm psyched for 150 pitchers! Luv, Susie B.

Birmo: The memories will last forever. Thanks for being a brother and a FRIEND. You are the best. I'll never forget you and don't you forget the ones you love. Graduation sickness? Yes! Fraternally, Steps

Mitchy- Illegal triple!!, first floor, (2-13-86) Can I wear...? Quasi, leftovers, Quarters, 4:30, Gin, Do you love me?! Meet me at Hallmark! XO, Bologna^2

Heuy I'm gonna miss you tons and tons!! Thanks for everything- I crossed the span of emotions... and we survived!! I love you!! Steph

Welcome to Kappa Alpha Theta! You are a great group of girls and we are honored to have you!

Lisa D. - My Kappa Mom - I can't thank you enough for all that you have done for me. You've been the best!! I'll always treasure the great times I've had at Kappa, and with you .

Christopher (President and Big Cheese) - A year and a half ago you walked me home from the library on a cold, gray December day. You convinced me to go for a job, "the best job on campus" and you believed in me. Three semesters later, you own "the best job on campus," we call each other partner, and you still support me 200%. How do you thank someone for so much? Someday I'll stop leaving you, but for now I'm off to try what we call "fun" full-time! See you in eighteen months! Linda Jean (CEO and Chairman of the Board) P.S. "Not to be sexist but let me drive."

CJB: These past few months have been really special. I'm looking forward to many more together. Just think - this all started w/you wanting to keep my feet dry! Love you, Me

To all the Delta Gammas Graduating - Good luck and we're going to miss you guys! Remember to visit our house! It took long enough to get! In the bonds, the Sisters and pledges of D.G.

VINI,
Blue only describes one fifth of what I'll feel without you here next year. You have helped me so much in the last two years! Just think - in two years we can be together forever! LOVE ALWAYS,
KAREN

To the Bahamas Club: Special people deserve a special personal. Thanks for making this year so much fun. We'll miss you, but we know you'll be back to party with us! Even though you sent us an ugly postcard, we love you anyway! Get psyched for graduation! Love, Kim, Cam & Kel

Brothers and Pledges of the CHI PHI FRATERNITY -
This semester has been the greatest and I look forward to an even beter semester next year with our new house. Congratulations and good luck to our graduating Brothers: Toad, Liquid, JV, Vin, and Ken. We will miss you. Have a great summer. Chic

Beth (Kappa Alpha Theta) - Thank you for being so patient with us and for being such a fantastic advisor! The Spring '86 Jr. Panhellenic Council

TO KKG SENIORS - YOU ARE A PART OF WHAT MAKES KAPPA SO SPECIAL TO US. WE'LL MISS YOU. LOVE AND LOYALTY, YOUR SISTERS

APO: These past two years have been the greatest. Thank you for being who you are and for helping me to be what I am. Four years ago I never thought I would be a part of a fraternity. But APO is not just any fraternity. Now you're a part of me. I envy future pledges and hope that they will contribute as much as they will receive in return . Leadership, Friendship and Service. I love you and will miss you, Yours in Brotherhood, CB

Pierce and Rob - It's been a great experience getting to know you guys. We've had some really great times together. These memories we will always cherish. Though you are now leaving school to pursue your professional careers you will not have left TRIANGLE. We will look forward to the times in the future when we will get together because Brotherhood is a life-long bond.
In F,S,C, Your Brothers

Debbie, Congratulations on your job! I'm going to miss you next year! Hope everything works out for you! Love you lots! Dawn

To my TBS family and friends-Thanks for all the memories I'll leave with: Dutchman, Degrees, road trips, Maryland, UMO, car trouble, Dexters, Jello, LL Bean at 5 a.m., KJ's, Cape Cod, Johnniee Yee's, champagne, bus trips, and always remember... It's Amazing... Love, MJG

Some people
come into our lives
and quickly go.
Some stay awhile
and leave footprints
in our hearts
and we are never
ever the same.
—your shy admirer,
"forget-me-not"

Deb (Cheech), Are we having fun yet?! Glad we didn't have fun senior year!! Ha-Ha! Here's to 12 hr. happy hours, crash-mobile, The two T's, 150 pitchers, "Happy Girls," exercising?, hardly studying, number ?, my ability to walk, Pink Floyd, catching up the morning after, hand signals, comfortably numb. You're the best and I'll miss ya!!!! Love, Jill (Chong)

SCOOK - Congrats! You (hopefully) made it! Thanks for an awesome sophomore year! It's going to be a long summer without you, but I KNOW we'll make it. Just remember three things: 1. I love you! 2. NJ's a great place to visit! 3. Baby, we were "BORN TO BE WILD!" Love always, Terilos

Carolyn - Kappa Kappa Gamma - Thanks for being a wonderful Mom. Good luck with all your future endeavors. Love and Loyalty, Your daughter Dawn

IVY - MY FAVORITE DELTA CHI - Suddenly I think maybe there's more to this relationship than cars and kitchen utensils. How did that happen? See you this summer! I love you. Diane

Kel - You've certainly been an exciting roommate, and I can't wait for next semester and for our wonderful view. (But where do we find an MX missile?) Thanks for everything. Love, Diane

CHI PHI THE SEMESTER COMES TO AN END WITH ONLY GOOD MEMORIES TO THINK OF. YOU GUYS HAVE MADE THIS LAST YEAR THE BEST. I'LL MISS EVERYONE OVER THE SUMMER BECAUSE THE BROTHERHOOD WE SHARE MAKES OUR FRATERNITY THAT MUCH BETTER THAN THE REST. TO KEN, BOB, TOAD, VINNIE AND JOHNNY - WE'LL ALL MISS YOU BECAUSE YOU'RE ONE OF THE REASONS WE ALL PLEDGED. YOU GUYS ARE THE GREATEST, WE EXPECT TO SEE YOU ALL AT THE HOUSE NEXT YEAR REGULARLY. OUR COUCHES ARE ALWAYS FREE. TO EVERYONE ELSE - GET PSYCHED FOR OUR NEW HOUSE. ALSO BURNSIE YOU'RE STILL A TOOL. CHI PHI BROTHERHOOD FOREVER, PLEDGES. YOU'RE DOING A GREAT JOB. KEEP UP THE GOOD WORK. CHI PHI'S GET PSYCHED FOR CONGRESS AND SUMMER PARTIES, KEEP UP THE SPIRIT! LOVE, RICH

PIERCE (Triangle) - Thanx for being such a great roommate by putting up with a weirdo like me. Have a blast in California! I wish I could go with you. Good luck with Hamilton. To our graduating Subway campers
Darcy, Ish and Sue.
Here's a special message
from your loving Subway crew.
We wish you luck and happiness
in everything you do.
And hope that nasty customers
will never again plague you.
We'll miss you and we'll think of you
while slicing bread and meat.
And while watching forsaken lettuce
get trodden under feet.
You'll never have to read
another newsletter by Steve.
Or pick off the vile wogmoth
that has stuck to your red sleeve.
Future paychecks will be bigger,
future jobs won't be a bore,
but you'll never have so much fun
as you did at this Subway store.

O'TAY PANKY,
THANKS FOR A FANTASTIC SEMESTER. LOOKING FORWARD TO HIS SUMMER. YOU'RE THE GREATEST. LOVE YA, "H"

Michele, Congratulations graduate! Thanks for all the good times: Porky of Bavaria, "mint snowstorms," B.T.'s, the rose, and the nights at Thumpers. "Quicke" Du Pain Pardi! God knows why your leaving me! Maybe John nose. Remember 4:15, triple war, marathon monopoly, and swinging ob. Ready for 487-Yell not to be confused with gymnasium. UConn won't be the same without you. I'll miss ya. By the way where's the PBE? Love "Mishie"

Ricky- Here's to the best Aggie the dorm ever had. Remember all those (morning) B's, 11:11, and all those GREAT times in 201. Ya-but, see ya later El Destructo and enjoy the ride!!! -signed the 201 crew

Susan, I'm going to miss many great times with you like...going to parties, Ted's, Hooligan's, and Oscar's, many lunches and dinners, going to Vermont, drinking in the elbo room, you typing my papers, the day in Mansfield Hollow, sitting on the porch drinking beers, you borrowing my car and many other great times. Thanks for making my last semester a special one. Love, Todd

TO WINDHAM THIRD AND ALSO LISA, JOYCE, HEIDI, MARISSA, JACKIE AND MY BIG SISTER LIZ, THANKS FOR EVERYTHING! IT WAS A GREAT YEAR! LOVE, SPLAT

Lou
I wish I could spread these wings and fly and fly away from the bondage you've imposed upon me. Away from this discomfort. I wish I could fly and fly away from you as the birds those who do not love you. And play and frolic in the wind as a seagull with them and fly and fly to our hearts delight. To be this bird I wish most. Not to be bound to earth nor to my god on earth and fly and fly so far from you. I could watch you and you wouldn't see me and I could fly and fly around and over you and perhaps you'd smile at my silly play. OR perhaps you'd be annoyed at me, and claw at my wings like a great cat and then prevent me from flying away. But how I would love to fly and fly up to the bright sun so far from you, but hardly different and into the layers of atmosphere above that I cannot breath. And to fly and fly up still until my eyes close in darkness, until I cannot feel my wings anymore, until I faint and to drop and spiral back down to the earth to lay at your feet. Remember good times. I do! I love you forever. Miki

Greg- good luck at WXCI next year, you'll be a great hit. John was right, I do like SOME of your music! It's been a great two years! Your Roomie, Mike

B.A. Windham 3rd- Let's make the trip often! Maybe we'll even visit Lisa! I love you guys! Terilos

Diane, I'll be blue without you. Good luck, Love, Karen

To Casey A. in the jungle, well this is it, you are off to Wyoming. I hope that you knew that I was just kidding about that. I have really enoyed being in the same french class with you this year. I would really like to get to know you better next semester. Have a great summer and I hope to see you next year. Love Jim H.

Hey Erica! (yes you-EMTM!) Thanks for not having me institutionalized this semester. I owe you one. You deserve a medal for tolerance and support above and beyond the call of duty. (But what are units for?) Don't know what I'd do without you... Love ya-in a BIG way! Lynn P.S. And whatever you do next year, try to avoid those nasty sugar hangovers!

HEY NEW LONDON 4TH! PATTI IS A NERDY DUST BUNNY! LISA L.- HEAVY METAL MOMMA. LISA M.- DON'T WRESTLE WITH BOYS IN THE SNOW! LORRAINE- LEARN HOW TO PLAY HACKY SACK. JENOI- GET YOUR HAIR OFF PEP'S RUG! Russ, my favorite senior is finally graduating.
CONGRATULATIONS! I only wish you didn't have to leave, I'll miss you so much! Love always, Bern

Mary, three down, and one to go. WOW! Don't worry about this summer, wherever you are I will always love you. Doug

McMahon

To the wonderful roommates Maria and Carla (McMahon 5S) Good Luck. We'll miss you. Party hard but don't lose anything along the way. Love, K&K

Lynn, I can't believe that this semester is already over! We've been through alot an beleive me it's been all worth it. You are very special to me and that will NEVER change! I'm looking forward to a great summer. Love you always, Lou

Monica— It's been a long time since the first personal I sent you and guess what— I'm still no good at writing them! I'm looking forward to this summer!! "Sure"— that's the ticket! Love Ya!!! Mike

Diane and Monique: I'll miss you next year. Thanxs for being such good friends. Maybe I'll shed my shell while I'm in Maine. Love, Di

Barb, It's been nice having you as a roomie. Hope you have someone nice next semester. Good luck on your finals. Ace them. Love, Di

Dear Jacqueline 5 North,
What will Jacqueline do next year?
A. Get Job— make lots money
B. Come Back— get MS., make lots money.
C. Win $12 Lotto
D. Steal money
You decide.
Choose "C".
Love,
Dave

Pete and Charlie, This is for you, the one and only combination. It all started the day I needed a ride to class and we ended up in New Haven. That was the turning point! You two guys are characters. I'll never forget those amazingly fun times. So here's to roadtripping (URI, New Haven), awesome foursome parties, bananas, miracle whip, VCR movies, spin the bottle at Huskies, shaving cream fights, kegs at Moe's, 48 hr. party, L.I. roadtrip (Tanners), headbutts, canonballs, shots at Joeys, (not me), and most of all BAHAMAS, (even if it was for an hour)! I know you both will make the best out of life and even though I know you well you still seem to amaze me. I had a great time this year and I'll miss you both. Despite what anyone says or thinks I can always say I had FUN! Love, Cath

Shelly or Shaboo- What can I say? We've been friends for a long time but now you have to go into the real world! Let's make sure things don't change between us, OK? Listen, our friendship has lasted thru so much that I'm sure nothing can end it now. Well as Arthur would say, Good-Bye. (but not really.) Congrats, Buddy! Love, Siobhan

Janet Marj #'s 11 and 5 Can't you stay a little longer? We guess you had an ok season but wouldn't you like to better it? but it's time to retire to the hill. Seriously, thanks for all the great times these past two years.— We'll never forget them! Marj— about those beers we owe you... Double or nothing? See you on the hill next year! Take Care of Those Rings!!! Love your puppy buddies, Luggage Tracey and Siobhan

PATTY and KRISTEN,
We'll always remember:
— POINTS!
— overbite
— see ya in a 1/2 hour
— Da Crusha!
— icky R.A.
— It is!!
— Stripe
— Al Halliday/Wizards

— Fwart in Store 24
— She thinks I'm cuuute!!
— Get that man a hamburger
— who you callin' old?
— Patty's puke in the quad
— hoya! hoya!
Most of all we'll always remember the two juniors who helped us through the rough times and showed us all the good times. We'll miss you always!
You're the nads!!!
Love, The Punks

Carla and Maria, OK you guys, I know we've been busy but how's about a beer before we all blow out of here! Thanks for everything! Love ya both, Suey

DAN I know its not like getting a personal from a female but you always said I was just as Good! You're a good friend.
Mike

BARRY— Can you believe we're graduating?! Thanks for being with me, it wouldn't have been the same without you. Here's to the rest of our lives. Love you, Cor.

To 6 North McMahon: Here's to a great semester; all our pranks and drunkeness. Have a fantastic summer. I love ya! From Shmisa

"The Crinks" -DAR-Our talks are tucked away in a special place. -DONNA- "Don't you forget about me" B'Fast Club! Love You Both! Wendy

Terese (McMahon 1N) Thanks for always being there when I needed a friend! Although we are going our separate ways I know that we will always stay in touch. Good luck at Sage! Love ya, Anne

Beanie and Pooh - To two of the best roommates ever. I will definitely miss both of you. It has been fun living in the triple even though we were buried under clothes most of the time. We did make the most of the pink sweatshirt and the buckle pants though. We had our laughs and cries, but we always stuck together. We've picked up each other's habits, some good, some bad, but that's what makes life interesting. Not only ar both of you great roommates, but more important, you are both true friends, friends that I will have forever. So keep smiling because " That's what friends are for! " Thanks for a terrific year. Love, Peanut

Conan, We'll miss you and the feather duster. Congrats (we hope) and best of luck always. Love, Mary and Teri

Anne, Leslie, and Marianne - congrats Graduates. Good luck in the future. Always keep in touch. Love, Katie

Donna - You've got to be one of the best roomies ever to put up with me (and my moods) for 4 years. I'm going to miss our talks and our queerness but just because I'm moving doesn't mean you've seen the last of me! Love ya poo, Carol-boo P.S. I sure hope Arthur baby is ready for the two of us at once!!

Barb and Kelly - Congratulations - You're both finally out of here! It's been great having you guys on the floor this year. What would we have done without Barb's pig and seal impersonations. Good luck and we'll see you June 21st. Love, Tique and Doug

Mary and Katie, I've said it before and I'll say it again. I'm glad I met you guys. If we would have met any sooner we could have been dangerous together, but the times we've had since we met have been fun and adventurous. You guys are great! Good luck with those nursing careers and in everything you do. Stay out of trouble. I'm gonna miss hearing that famous question: "Did we have fun last night?" But more than that I'll miss you both. Love, Cathy

EVIE (2S) - Keep on playing with stuffed dogs. We're going to miss you. Love always, Katie, Leslie, and Anne

Congratulations Roomie! You made it! Thanks for being such a terrific roomie & friend, I'm going to miss you and you fuzzy-headed side kick. Take care buckaroo (don't neglect Opus) Love always, me. (Best of luck to the both of you in Virginia).

Kris: Remember... learning how to parallel park? McMahon beach? NYC? Jalapenos & Chocolate? This year's been great— I'm going to miss you! Love Ya! Me (Roomie)

Ragamuffin, I don't want a tutor, just want to ride on my lovely Scooter, and I don't want to toot, just want to ride on my motor scoot -er.

An interview with President John Casteen

By Anke Wienand
Daily Campus Staff

Q: What is UConn's general reputation as a public institution?

Casteen: We are currently listed by the National Science Foundation in the mid-thirties [rank 27] among all research institutions. This ranking customarily measures not really a reputation, but a school's capacity to capture research contracts, etc. It often measures endowments, that is, how much money is being spent for various university activities. We are not as dependent on federal appropriations [as other schools].

The ranking also measures less tangible factors such as, how people rate various departmens. Rankings of specific departments are occasionally published in the *Chronicle of Higher Education*. We do fairly well in the traditional land-grant disciplines, which were originally federally-funded and provided money for such enterprises as agriculture or business. If you move to the Humanities and start talking about measures of prestige, then our rankings are not as good.

In the Humanities in recent years, we have not seen large amounts of external grant support, which you have to deal with if you want to promote the Humanities' programs. At UConn we do not have a long history of developing some third-world country language programs. We do not have a great deal of strength in the faculty of such areas such as Eastern European Studies. Children's literature, however, is cited as one of the strengths of the English department, as is writing.

Q: What specifically makes up a top-reputation? And in which areas does UConn lack sufficient quality?

Casteen: If you want a good reputation, you hire a good faculty. If you want a good faculty, you need endowed chairs, a private endowment from non-state sources. The university's management generates enough income to pay salaries, fringe benefits, support costs, and, in some areas, fellowships to attract people [of international reputation]. I came out of a department at the University of Virginia [Department of English]. This department alone now has about 15 endowed chairs. University-wide right now at UConn we only have a total of six.

And there is a second ingredient. You have fellowship money, you have assistantships. But you also had a second former source, federal support, and that source is gone. The Reagan administration systematically killed it. So that the issue now is to have the state pick that up. One of the proposals [during the budget debate] was to trim even more money out of the budget to provide assistantships.

But we also need the capacity to attract major conferences here on campus. The State University of New York, which has a relatively modest English department, has established itself as a major center for medieval studies. Twenty years ago, it began to invite people to read papers there. That conference has evolved into a major national forum.

Q: Is UConn simply not visible enough?

Casteen: You have to understand the context. Harvard has been in business for a long time. UConn's enrollment was kept by state law prior to World War II at under 500. And we are sitting in the middle of a campus right now that has about 16,500 students. A great deal has to be done to build something that large that quickly. Institutions don't grow up overnight. That is not to say that we are weak in comparison to others. We are growing up now. We are ready to deal with these areas. My mentor when I was growing up was a man named Bowers who was, in some respects, the least likeable person in the world. But ultimately Bowers had a vision of building a great English department, and he

pretty much forced a university that was not very much interested to get behind him and do it. And we [at the University of Virginia] had people in many disciplines who had that kind of vision. I think the people who put together Latin American Studies here had that kind of vision, and certainly the people who focused on Eastern Europe had it, too. But things don't happen overnight.

Q: Are you suggesting that some departments grow at the expense of others at UConn?

Casteen: We now have 200 employees below the level we had, overall, in 1975. The bulk of those lost employees were classified support people, such as secretaries. Another group were faculty members. Vacated faculty positions were just not filled. While losing these 200 people, however, we were actually growing in [student enrollment in] some areas so that the net loss of those [staff] populations lost considerably exceeds 200. The sciences, for example, have a growth area for several years, but the state has not provided new sources for that, so that

Youth hostels: low-cost,'homey'

By Jill Zuccardy
Daily Campus Staff

Do hotel prices leave a hole in your pocket? Does hotel food leave a hole in your stomach? Does the impersonal atmosphere leave a hole in your heart?

Well, travellers, there is a way to stay out of the hole: there are "homey" inexpensive places to rest your weary bones. A network of hostels throughout America and 61 other countries offers accomodations to anyone subscribing to the American Youth Hostel service, which is part of an international organization that promotes exploration of countries -- economically.

The service costs $20 per year, according to Mary Dwyer, the campus representative for the AYH Yankee Council, which serves Connecticut. The year runs from January 1 to December 31. You must have a membership to take advantage of hostel accomodations, which vary in cost from $4 to $12 a night.

Hostels in the United States range from people's homes to converted hotels to an abandoned lighthouse (in California). They are in most major cities, in small towns, remote moutain areas and beaches. The lodgings are dormitory-style, with separate quarters for men and women.

As a member of AYH, you get: a youth hostel card, which allows you access to all hostels owned by the organization or by their affiliates both here and abroad; a guide to location, cost and type of accomodation in the 268 hostels across the U.S.; and subscription to local newsletter which lists upcoming low-cost trips, and backpacking and biking tours.

"Hostels are kind of like a hidden find for people who want to see the states and other countries," said Dwyer, who started using hostels three years ago on a "low budget" trip to Australia.

Dwyer, who works for the university cooperative extension service, said she volunteered to be the Yankee Council's campus representative because she wants other people to be able to take advantage of hostels"

And Dwyer certainly practices what she preaches. She recently moved to Connecticut from Missouri and spent her first days here in a hostel in Windsor. She lists several other New England hostels that she 's curious to see.

"I plan to do a lot of exploring this summer!" she said.

She's a graduate at 56

By Derek Gray
Daily Campus Staff

Jean Castagno's father didn't think women should go to college.

So she got married, ran a business with her husband and raised a family.

"There is a certain pattern of things my generation has followed," Castagno said. "You got married. You had kids. Then the world changed completely."

At age 50, Castagno decided to go to college.

"I really had done everything," she said. "My children were grown. I thought 'What will I have? What will I be five years down the road?' Maybe a better golfer. That's about it."

This month, after six years of studying while still working 20 hours a week at her business, Castagno will graduate from here.

She began her studies at Tunxis Community College in Farmington. After earning an associate degree, she was accepted at the UConn Hartford branch through a program geared for working adults called Bachelor of General Studies (BGS). The program accepts community college students with 60 credits or an associate degree and allows them to study part-time toward a full degree. BGS enrollment has more than quadrupled at Hartford in the past five years, a spokeswoman for the program said.

Castagno's first two courses at Tunxis were English and Spanish. She gradually expanded her coursework, taking as many as three courses a semester. "Education is catchy," she said.

"I really wanted to do well," she said. "I really wanted to please the professors."

But Castagno was nervous about fitting in socially. Decisions such as "What to wear?" were difficult. "You do have to think about it," she said. "I wanted to blend in. I didn't want to make anyone uncomfortable, including myself."

"I had a misconception that you never make a friend, that students were too busy." Castagno said she has since made many friends on campus and that students have been "fantastic" towards her.

Castagno said her husband and two daughters have also been supportive.

After three and a half years at Tunxis, she was accepted at Hartford and decided to major in Italian and philosophy. Castagno, a member of her town council, said she wanted to gain "an understanding of world events."

Castagno spent the past semester at Storrs along with about six other BGS students from the Hartford branch.

"We were worried the quality of students would be so advanced," she said. "But none of us have done worse than at Hartford."

"This place (Storrs) is overwhelming," Castagno said. "But it's beautiful, and the people are friendly. You get a sense of vitality, youth here."

She said she has convinced at least 12 of her friends to return to school also. "Everyone should try it," she said. "That's the beauty of community college. Everyone can go. The hardest thing is to make the phone call. I've encouraged a lot of people. I really have."

Castagno said college has given her confidence and made her realize her strengths and weaknesses.

"I know there are lots of oppurtunities out there," she said. "It's really endless."

Castagno never doubted that she would graduate. "Whenever I do anything, I go all the way."

UConn literary magazine features poems, stories

By Jill Zuccardy
Daily Campus Staff

It's a small booklet with a grey cover--46 pages which include the fiction, poetry and essays of some of the best of UConn's student writers.

The spring issue of*Writing UConn* features the work of fifteen undergraduates, of a variety of academic majors and semester standings. This literary magazine is published annually by the Connecticut Writing Project and the university English department to encourage student writers.

"Our objective remains the publication of the best student writing done at UConn," state magazine coordinators Matthew Proser and William Sheidley in the booklet's introduction.

And, in this issue at least, they have succeeded in meeting their objective.

The issue includes single and sets of poems by eleven students -- the poems run the spectrum in style and topic, ranging in voice from a writer dealing with her art in "Epithalamion" to the sharp language in "South Africa is a Metaphor." Two short stories and two personal essays exploring the complexities of different sorts of relationships round out the issue to a thoughtful balance.

Writing UConn is availabe for one dollar at the English department office in Arjona.

...talking UConn's future

From page 15

the internal process of re-allocating [funds] has undoubtedly cost us manpower in many departments.

Q: What are UConn's most critical deficiencies? What would you like to see improved?

Casteen: You would want more and better space, different offices. Now you often have two faculty members cramped into one small office. But essentially we need money. We need the kind of money that provides for the endowed chairs. We need research support and more money for sabbaticals. We need time and money necessary to move from a very well-developed library toward what the library must be, [namely] a comprehensive research library for a comprehensive research university which requires major commitments in such areas as collection of rare books and manuscripts. The state doesn't pay at all for that.

Q: How do you plan to attain these improvements?

Casteen: We need better budgets. We are not entirely through with this one. But at this point I am pretty optimistic about getting what we need from this year's [state] budget. You have to set priorities from time to time as to what you want to develop in a given period. You can't do everything at once, or you will end up doing nothing.

The decision to go after endowed chairs and to target them in, say the departments of English and Classics, is not a simple decision. An endowed chair can cost a great deal of money. Typically, the sources of such chairs are private industry or corporations. They create positions that serve them academically. Public universities, with some interesting exceptions, have not been able to stimulate the kind of altruistic gifts to the Humanities which you associate with great private universities. But it can be done. If you put 20 years of public relations into doing it. By virtue of the way we have been growing, we are just beginning to emphasize these activities.

Q: Is UConn lacking in public relations? Has inefficiency in this area caused various sources to underrate the university and its potential?

Casteen: Sure. Although that's no excuse for not having done the job [of promoting the university]. We are now in the process of rewriting the plans for the marketing of the university. But that is not a substitute for the academic planning that faculty members do on their own. It is simply reinterpreting what has been done [academically] to a public

Our 90th year — Page 20

Jim Acton, Editor
Derek Gray, Mng Editor — Dean Orser, Dep. Mng. Editor
Pete Bryer, Business Mgr.

The end has come

With this special "Year in Review" issue, the *Daily Campus* signs off for the 1985-86 school year. It's been a long year for everyone, but, thankfully, the end is near.

Compared to past years, this year has been realtively quiet in terms of news. Of course, at an institution of this size, there will never be a complete lack of interesting stories, and we were able to cover some events of note.

Earl Kelley was probably the single most newsworthy character this year. His on-court performances were overshadowed by his much publicized disciplinary hearing, court proceedings and, finally, his dismissal from the team due to academic shortcomings.

It's hard to be an ordinary student when you're the leading scorer in the Big East.

Of course, there were other important stories during the past year. Hurricane Gloria, the space shuttle crash and the Hands Around UConn project all affected our lives and made for many interesting news stories.

We hope this year is just the start of better and more in-depth news coverage of UConn. With the addition of 10 MacIntosh computers to our newsroom, we hope to offer a more comprehensive and accurate look at campus news.

The campus can anticipate an even better *Daily Campus* next year and we look forward to hearing from you. But until then, good luck on finals and have a safe and happy summer break.

See you in the fall.

Jungle is a split community

•This is in response to the letter in Tuesday's *Daily Campus* from Paul, Scott, Ben, and Simon of Fairfield Hall concerning the Saturday night Jungle Quad party. I offer a possible explanation as to why the administration would rather fight you than join you.

The Jungle, it seems, is divided into two sets of people: those who love it, and those who want to get the hell away from it. And those of you who love it tend to bask in immaturity. You term it as defiance. Unfortunately, anarchy and insanity are not the most productive forms of defiance. All you succeeded in doing with your unsinkable "social gathering" is prove that the Jungle is more a game farm than a set of dorms—where else would people use "just about every spot convenient enough to relieve themselves"?

So you say "there were some sparse acts of vandalism and pulling of fire alarms." I heard that there were three false alarms. You boys must be very proud to have exhibited such self control. By the way, no one pulled a fire alarm in the Frats, but that's probably just because people in the Frats don't know what real fun is.

That brings me to a question I've long wanted to ask: Why is the Jungle so fascinated with fire alarms? About three times a week the Jungle has a false alarm. And as the fire engines pull up, the conversation in my dorm usually goes like this...

"Another false alarm at the Jungle."

"Too bad it's not really burning."

"What's wrong with them? The Jungle sucks."

The point is this: A "social gathering" in the Jungle Quad may be a "gathering" but it certainly isn't "social" because "social" infers some sort of civilized activity. Fighting with the police, urinating in the halls, and screaming so loud that the din could be heard at the ROTC building are not things to be proud of and definitely aren't civilized activities. These actions are characteristic of psychotics, animals, and violent mobs—alll three of which are frightening to normal members of society when they are out of control. And the Jungle Quad was out of control Saturday night.

I do have to agree with you on one point. The alcohol policy was ineffective as far as the Jungle is concerned, but that's because the police were ineffective. Maybe next Spring Weekend they'll use tear gas or plastic bullets.

After landmark year, *DC's* Ombudsman bids a fond farewell to UConn

When I accepted the job of *Daily Campus* ombudsman some eight months ago, I was not sure what to expect. Paul Thiel, *Daily Campus* editor, and I agreed on one thing: I was free to write what I wanted to criticize and praise the paper's coverage as I saw fit. That was revolutionary; never before had someone been paid by the paper to criticize the judgements of its reporters and editors for 20,000 people to read.

I was, at first, skeptical about the impact you and I would have on what we read in the the *Daily Campus* every morning. Thiel seemed committed to making you more a part of the paper. He wanted to open the doors of the *Daily Campus* to those who had never been in before. Moreover, he wanted his staff to be accountable to you. It was my job to make sure that they never forgot that.

They never did. And what a year it has been! You were able to have a say in what the*Daily Campus* covered and how it covered events like you never had before. In conversations with dozens of you, both in person and on the phone, I got a sense of what you wanted to see in the paper. You were upset, understandably, when a story mentioned a speaker your group sponsored and what he said but not that you sponsored it. Also, a large number of you were upset when your intramural team won a championship but it was not mentioend in the paper. The same applied to the track and swimming teams.

During a meeting with Bill Kelleher, track coach, he complained that his team had been ignored by the paper for several years this despite the team's remarkable record. Jim Acton, former sports editor and now editor, blamed lack of personnel. There still aren't enough people writing for the paper. However, the sports department has been able to include more of what you want.

This does not mean that the *Daily Campus* covered everything you wanted it to. That's almost an impossibility; no paper can write about everything it's been asked to. But they have made a start. It's up to you to keep editors aware of what you want. In many cases, you will get it. Ask the people who wanted to see more stories about the Whalers or the Lacrosse team.

I also heard from many of you with objections to some of the stories covered or editorials written. One of the first barage of criticisms came from Undergraduate Student Government members who strongly objected to one of Thiel's editorials in which he said the entire assembly was out in left field. I spent a week investigating why and how the editorial was written. I concluded, in a column, that the editorial was unfair and that Thiel used poor judgement.

Earl Kelley's problems have been written about several times and I won't discuss them here. But the way the *Daily Campus* covered the story seemed, from the feedback I got, to split the campus in half: One side said the coverage was fair while another objected to the coverage.

There were some issues, however, in which you didn't have to worry about taking sides. When Hurricane Gloria swept the state last semester, many of you left school for home. The staff at the *Daily Campus* chose not only to stay in school but to brave strong winds to bring you the complete story about how to prepare for Gloria and the damage done.

It was a story I thought you had to know about. I don't think that I have written a column which captured the spirit of the people who work for the *Daily Campus* as that one did. I enjoyed writing it and was pleased that many of you said you not only enjoyed reading it but it changed your perception of the *Daily Campus* staff.

As this column draws to a close, so does my tenure as your representative at the *Daily Campus*. It has, undoubtedly, been a fun year. I hope that through me, you learned a lot about the *Daily Campus* and the *Daily Campus* about you.

I'm pleased that Thiel decided to take the risk by hiring the paper's first Ombudsman. It's clear that the experiment as the past eight months have been has worked. Even if I didn't change your basic beliefs about the *Daily Campus* and the people who work for it, the fact that so many of you stopped me around campus or called to express your concerns snows that you want to see a better *Daily Campus* one that's more responsive to you.

My departure doesn't end the *Daily Campus* ' commitment to you. A new Ombudsman will be hired to replace me. I urge you to use him as you did me.

One final note: the ad for a date to the prom that appeared in Wednesday's paper was not my idea of a joke. I had nothing to do with it. For those of you who called me, I'm sorry: I had no plans to attend the prom.

John Yearwood is the Daily Campus Ombudsman.

Four years went too fast

Where did the four years go?

That's a question I've been asking myself just about every morning when I wake up, for the last two months.

Where did those years go to? Or, even more importantly, what did I learn during my stay at this institution of higher learning?

Lots.

Now I can tell the difference between good and well. I know most of the names of the presidents of the United States. I can see almost all of the symbolism in any movie and I can name all of the original NATO countries.

What can this vast accumulation of knowledge be used for once I'm out in the real world. Nothing that I can see.

What does this mean? Did I waste four years of my life and come away with absolutely nothing? I don't think so, because for every useless bit of knowledge I gained, I learned about five things about myself.

For example, when I graduated high school I saw issues in terms of simply good and bad, or if you will, black and white. Now four years later, after having been exposed to so many different ideas and views, I see things in shades of gray with no stark lines. In short I've learned how to think.

What else? I know now that I can face and live up to responsibilities, that I can commit myself to something and stick with it, without someone forcing me to. I know now what the things are that I value, my likes and dislikes and even a little bit of who I am.

Also I've learned what my drinking limit is. Unfortunately I haven't learned how to stop when I reach it.

But, there's one thing that I've learned that's just a little more important than the rest. I've learned just how much I value the friends I've made over the past four years.

Sometimes I think we all take our friends for granted. Think about all the little things your friends do for you, and the joy you get from doing things for them. I'm talking about simple little things like late-night bull sessions in the dorm lounge, a back-rub, bumming a cigarette, a card, note, or cookies when things just aren't going right, a little help on a tough homework problem, drinking a couple of beers, giving a flower just to see the smile it gets, a trip to the movies, cooking on the weekend, or just a smile and a hello.

All these are little things that we all take for granted, and they're all things we'd miss terribly if they were suddenly gone.

So, it's graduation time, and all my feelings, fear of the "real world," sorrow at leaving people behind, relief that school's finally over, and hope for the future are running around in my brain.

What have I learned at college? I learned that four years was far too short of a time to spend with the people I've grown to care for.

And I've learned I'll miss them terribly.

Chuck Lindberg is a Daily Campus columnist.

UConn lacks school spirit

•The countdown is coming to a finale for all of us graduating in May only one more day of classes! Lately, I've been reflecting on my four years here at UConn. My roommate and I were lying in our lofts last night wondering what we would have done differently with our college careers if we had the chance to do it all again. We both agreed that we'd have gone to a school with more school spirit. Yes, UConn has an excellent reputation. Yes, UConn offers a good education. And yes, UConn has many activities to get involved in. Why then is it almost impossible to get students actively involved in student activities/clubs? Is it not these activities that make college years worthwhile (besides partying, of course)? I've heard all too often "There's nothing going on. UConn is dead." If these people really cared, they would do something about it!

As an officer of the Marketing Association, I see students signing up, paying the dues and then never showing up for the events. I realize a lot of students (especially towards the end of junior year and senior year) search for "stuff" to put on their resumes. But believe me, interviewers do ask if you've done anything to help the club. I know my interviewers asked. (Thank you to those members that are involved.)

One of the important elements to make a club exist is obviously the officers. The officers have to want it all to work out in the best fashion possible. They should always be working to come up with awesome plans. From what I can see, next semester's officers are a great group of people. PLEASE don't prove me wrong. Remember folks, it isn't the title(s) that are important, it's what you do.

The Marketing Association (open to all students) and the other organizations on campus offer excellent opportunities for students to get involved. Learning through textbooks is O.K., but the best way to learn is by doing. Getting involved REALLY does pay off.

You may ask why I have gone off on a tangent about the club I represent when I started out reflecting on my years at UConn. Basically, because after two semesters of trying to get UConn people motivated to participate, I've realized it isn't the individual students; it is (almost) the entire student body of UConn.

School spirit is something I definitely missed in my UConn years. Hopefully, the freshmen, sophomores and juniors reading this will be motivated to get involved in activities and clubs. Also, motivated to build the image of proudness that UConn really deserves.

Softball seeks clarity on issues

•Members of the softball team would like to recognize a recent article concerning the dismissal of two team members which was in accurate. We feel that the total situation has been mishandled and misinterpreted by the media. For example, the *Daily Campus* published an article which was influenced by the biased opinions of Dinga and Linhares, and was not a complete account of the actual incident. We also feel the publishing of the article made the softball team, coach and UConn athletics in general appear unsound. An article of this type, should have used better judgement of the staff involved. UConn athletics has experienced anought problems with the outside media, (ie. *Willimantic Chronicle*, etc.) negatively publicizing information about our athletic programs. One would think that our student paper would point out and support the athletes instead of creating more turmoil.

To set things straight, the fact of the matter is, their dismissal was unintended and only followed their failure to comply and respect the coaches' decision to sit the bench without warmup. Their failure to leave the field when asked, led to the development of further involvement of conflict. While we agree that the intervening of security was uncalled for and a bit harsh, the players were responsible for their actions, making it come down to Coach Mullins last resort in order to control the situation. And as for coming back, if the two really wanted to rejoin the team, they would have made more than one effort to see the coach. (Was there a specific set time to see her?)

The explanation put forth by Linhares and Dinga, in all the newswriting, failed to coincide with the weekend incident. The two seemed more interested in attacking the coach, the team, and unrelated issues rather than looking at the facts of their mistake. For instance, Linhares stated that Mullins stressed unity, but it was only a word. Does this pertain to the circumstances??

Our whole team managed to pull off a couple of big wins without them namely, Adelphi and Temple. While they did contribute to the team, they are not the team, but only two opponents.

Instead of writing about the negative aspects of this year's team, the media should sit down and think about writing an article which pertains to some of the accomplishments of the season. And should the newspapers decide to write another article about the softball team, maybe their next title should read "Unity brings UConn softball team closer to their intended goals."

President Casteen: You're missed

An Open Letter to President John Casteen:

Dear President Casteen:

Three times I have looked forward to meeting you. Three times you have let me down. The first time was last fall, the day on which Mr. Edward A. Horrigan, Jr. came to speak on campus. Mr. Horrigan is the Chief Operating Officer of R. J. Reynolds Corporation and a 1950 graduate of the University of Connecticut. As secretary and vice-president of Beta Gamma Sigma, the scholastic honor society in business administration, Greg Pinto and I spent many hours arranging for Mr. Horrigan's visit. Dean Ronald Patten of the School of Business Administration invited Greg and me to join the Dean, you and Mr. Horrigan for an informal lunch. When the invitations went out, Greg and I had been eliminated from the guest list. Hence, disappointment number one.

More recently, Beta Gamma Sigma held its annual induction ceremony for new members. You promised to attend, and we arranged our ceremony around your schedule. Once again, Greg Pinto and I, along with Professors Veiga and Biggs, spent many hours on the awards dinner. Shortly before the night of the ceremony, you sent a letter apologizing for your inability to attend. Hence, disappointment number two.

This afternoon, a reception was held for students graduating as Honors or University Scholars. As the presentation began, Vice President Anthony DiBenidetto announced that you had not been able to attend today because of a previous commitment. Hence, disappointment number three.

As I leave the University of Connecticut, I leave with pride. I am proud of the education, and of the academic and cultural opportunities offered here. The Benton Museum, Jorgensen Auditorium, the Drama Department productions, and so many other activities on campus have supplemented my education. On May 18, 1986 I will graduate as an Honors Scholar in accounting, and a University Scholar in English and accounting. President Casteen, I hope to see you there. Please don't disappoint me a fourth time.

David R. Brigham

Shreds coming soon

To all those with an interest. Shreds has been working on another issue all semester. Unfortunately, it will be published during finals. Therefore, we've decided to wait until next fall to release it to the campus.

All those who contributed are welcome to an early edition.

If you want one please send a .50 self-addressed envelope to:

-The Moody Blues

The Moody Blues
The Other Side of Life
(Polydor)

Typical for The Moody Blues is equivalent to unusual for the rest of mainstream music. In their 19 years of recorded history, this five-man band have continuously injected the world of music with an unnameable sound that comes out as some of the best work written and performed.

The lyrical content on tunes like "Your Wildest Dreams," "The Spirit," and the album's title track continue throughout, and is heightened by well played music. Though soft for a band labeled "rock," their quality could be a hint for other radio artists. Their three year lapse has definatley done them no harm.
Rating-8

The Bolshoi
Giants
(IRS)

On this, their debut EP, this London trio is batting .667 tune-wise. Out of six tracks, four come through as good new wave, while "Giants" and "By the River" get a big thumbs down.
Rating-6

Deborah Iyall
Strange Language
(Columbia)

"Jody" gets credit as the best song on this album, as well as the only decisively good one. The rest of the soft pop/new wave tunes are well written, but are accompanied by dull, repetitive music that kills anything good about them.
Rating-4

One to One
Forward Your Emotions
(Warner Bros.)

"Don't Call It Love" opens this debut album, and gives the listener the impression of being out at the local disco palace. The rest of the tunes by this Canadian duo alternate between and mix pop and disco.

Overall, the album shows fine lyrical and musical workmanship designed to appeal to Top 40 worshippers. Key tracks: "Black on White" and "Angel In My Pocket."
Rating-8

Pat Metheny/Ornette Coleman
Song X
(Geffen)

"Song X," "Endangered Species," "Video Games," "Trigonometry," and "Long Time No See" could by joined as one long song and called "Warm Up." These five lengthy songs sound like a nightclub jazz band warming up, with each musician performing independant of the others. Aside from a great drum solo on "Endangered Species," these songs should be eliminated and replaced with others similar to "Mob Job" and "Kathelin Gray."
Rating-4

Frankie Miller
Dancing in the Rain
(Mercury)

Album number nine for this Scotsman is packed full of impressive rock county tunes. Mainly love-oriented, Miller's songs look at this emotion in the form of the effect it has on the mind, as in "You're A Puzzle I Can't Put Down" and "I'd Lie to You for Your Love," a song the Bellamy Brothers took to number one on the country charts in late 1985. Also included is the beautiful ballad "Gladly Go Blind."

America salutes the Statue of Liberty

Eastman Kodak Company announced that rock superstars Huey Lewis And The News and Daryl Hall & John Oates, along with The Hooters and The Neville Brothers, will headline the live satellite concert "America Rocks," the grand finale to the 1986 Kodak Liberty Ride Festival. The national, day-long events, celebrating and benefitting the restoration of The Statue of Liberty/Ellis Island and including a world-record setting bicycle ride, will take place in 104 cities Sunday, May 18.

This super concert marks the only live performance of the year in the continental U.S. for Daryl Hall and John Oates, considered by many to be the most popular rock duo of all time,. Additionally, it will be the only performance this summer by Huey Lewis and the News.

Television star Tony Danza will serve as emcee for "America Rocks". The concert will be performed live commencing at 3:30 PM CST at the Louisiana Superdome in New Orleans and beamed by satellite to major arenas in 104 U.S. cities.

"'America Rocks' ranks as one of the most extensive private satellite broadcasts ever produced," says John M. Barr, director, Worldwide Events group, Marketing Communications Services, of Kodak. "The concert will one highlight of a full day of entertainment and festivities beginning with the world's largest recreational bicycle ride, followed by a free box lunch picnic and an afternoon of local activities in every city. As the rededication of The Statue of Liberty approaches, we hope that people everywhere will join in the festive community wide celebration of all ages in honor of America's greatest symbol of Liberty," he adds.

Tickets to the Festival are $21 per person before May 1 and $23 after that date. Participants may call 1-800-235-5005, toll-free nationwide, for information of Festival sites nearest them, local telephone numbers and ticket outlets.

The ambitious, innovative satellite concert will be produced by Nocturne, Inc., San Fransisco, whose credits include stage and wide productions for Bruce Springsteen, Tina Turner, Prince and David Bowie.

"It's a real challenge to create a production of this national scale and magnitude that will unite hundreds of thousands of people throughout the United States," says Pat Morrow, vice president and general manager of Nocturne. "We're out to spoil the concert-goer by introducing a new concept and experience in music entertainment and, at the same time, set a new industry standard for what's exciting to audiences."

"Our goal is to bring this event to life across the country," says Barr. "We think that the power of this team of talented rock musicians, combined with the exciting feeling of being one

Live and learn ...and don't forget to read the fine print! Good advice for finals!

Quigley sculpture books you on a learning adventure

By D. B. Schwartz
Campus Correspondent

Around this time of the semester we're fully immersed (so we like to think) in our studies. Some of us begin to question why we're caught in this situation or wonder what good it's going to do us once finals are over.

A sculpture project by Chris Quigley provides a messgae that can put things into perspective. As we approach her sculpture we see a three -leveled -box like form with books on it which reminds us of an alter. It is a reflection of our educational system that tends to give books and book learning an almost religious importance.

All over the sculpture which is painted white, commonly repeated phrases are spelled out with a mechanical precision. At this level there is no original thinking and little sign or human individuality. This is part of the message being presented to us. We are shown in black and white how our educational system can force us to learn in a mechanical way and stifle some of our original thinking. We began to think according to how others think.

As we read the phrases we are brought closer in and we only see parts of the whole. Don't we wonder at times where the knowledge we gain fits into the scheme of things? Then we are forced to step back as we come across large letters which are spray painted in a carefree manner. "Live and learn", it says. So now we see the whole picture. It is pointing our to us that our main way of learning is by living. As children didn't we learn not to touch something hot by getting burned. We know something best by experiencing it.

Just as there are three levels to this sculpture, there are also three statements about our educational system. Just as there are four sides, there is a fourth and final message that gives is 360 degree viewpoint on school and learning in relation to life.

So it becomes a heartening message during finals. It is not to say that learning from books isn't helpful but that perhaps the living past should come first. For it we forget this we may lose perspective and be unhappy with the was we are learning. Our most valuable lessons come from life and it shows us how to think for ourselves.

Diary of a mad sports editor: Acton looks back at year

By Jim Acton
Daily Campus Staff

I'll be honest: I'm not the biggest fan of "Year-end Review" issues or other sorts of material which is devoted solely to a nostolgic look back on a past year. These type of things almost always end up like your grandfather telling you how many miles he had to walk to school when he was a kid.

But in terms of the *Daily Campus*, and specifically this year, I will put aside my dislikes because this is one year I will never forget.

For the past three years, UConn sports has been my life. I've been able to mix in a few classes between games (except for basketball games—I needed the whole day before a game to get ready for those extravaganzas), but usually my mind was more on more on athletics than academics.

Now, don't get me wrong. I've passed all my classes, even my math classes, although I'll have to wait until the summer to find out the damages from my current statistics course. I've even managed to get to know some of my professors (you learn quickly the value of office hours when you can't wake up for a class).

But what I really want to talk about is sports. It's amazing the things I have learned just dealing with the UConn sports department for three years. It is through these experiences that I have learned the true meaning of teamwork and friendship.

The 1985-86 school year was the most interesting of my three years in sports. I was exposed to a little of everything—scandals, failures, damaging rumors, and painful resignations. Unfortunately, it is the negative things which made the sports headlines this year.

I think what has made sports so interesting for me is exactly what I mentioned above. There is a mix of genuine news stories, game stories and human interest stories.

Unfortunately, the size of the athletic department has made it almost impossible for the *Daily Campus* to properly cover every UConn sport. We tried to hit all bases, and believe me, we did a pretty good job with the staff we had.

One of the highlights of this year for us was the National Championship title won by the field hockey team. We were fortunate (three of us, anyway) to witness first hand the two-day championship tournament at Old Dominion University in Norfolk, Virginia.

In a year of such negtives, this was the one ray of sunshine. Although there wasn't the hoopla which would surround a championship baketball team, it was still meaningful to all the UConn fans who ventured south for the tourney. And it doesn't have to be mentioned how the team felt.

Unfortunately, other than field hockey, the majority of the athletic teams suffered through rather mediocre seasons. There were the exceptions, such as hockey, which qualified for postseason play for the second consecutive season; soccer, which again qualified for the NCAA tournament (although not getting past the New England championships is usually considered a sub-par year for this team); and women's basketball, which with a new head coach is defintely on the rise.

But by and large, it was a ho-hum year. The football team started strong but again finished under .500. The basketball team never was really able to get things together, and the loss of Earl Kelley to academics toward the end of the season definitely didn't help matters.

Of course, there are also the "minor sports" (or so they are called for their lack of revenue production) which we were never able to properly cover because of lack of personnel. Track, swimming (although

From page 18

that simply does not have the expertise to always understand what the record of our accomplishment is.

Q: Is the concern that UConn should be supported from public instead of private funds shared by people inside the university?

Casteen: The climate has changed. There may have been a time when public universities should not have sought support from private sources, but the fact is that the share of total operating costs [of the public university] paid out of the public treasury has steadily diminished. Total public support here amounts to some 37 percent of this year's operating budget. The rest comes from the students' tuition, the Ancillary fund, grants, gifts, revenue from real estate... There was a time when the assumption was that the public would really provide the costs of this university. But that time is long gone.

Second, the things that we do have changed. We talk about our concern for quality in the Humanities. There was a time when public universities really weren't asked to address this issue. They might have taken it voluntarily. But various private benefactors have now pushed public universities toward that concern. The service that is demanded [of a public university] has changed a lot since the Korean War. Those who went to public institutions between World War II and 1960 did not ask for agriculture and mechanical engineering, but for a liberal arts education. Their sons and daughters are now students, and they come here with a different set of expectations. And I think that the legislature's recent generosity reflects the fact that the public itself has changed in how it sees the public universities. Sometimes the forces that hurt public institutions most directly now have not much to do with the Humanities.

We know now that much of the state legislature's generosity during the last year had to do with how the state recovered from the recession. They realized that UConn made a major contribution.

Q: What kind of contribution?

Casteen: It made a contribution in training MBA's, in preparing graduate engineering in industries that were in danger of closure because they had changed manufacture processes, in generating new products out of the Institute of Material Sciences so that some lines did not have to lose their market share.

I think what students demand nowadays is sometimes a plus, sometimes a minus. For five years, most of the discussion in this country had to do with vocationalism. The interest in the overall quality of, say, the Humanities increased. It's tied up, in part, with the realization that you can't say that everybody ought to take liberal arts. But you also have to support the quality of life of faculty in the liberal arts to make it [the requirements] more than just surface courses. Quite often people say that you should take liberal arts; but what they mean is that you should take freshman writing and a language course.

Q: What do you mean by "supporting the quality of life of the faculty in the liberal arts?"

Casteen: Suppose everybody walks in and says "I want to be a business major, but I want to have a liberal arts education." The support of advanced kinds of research money goes into the area where the major lies. No great department is built simply on freshmen [and the courses they take].

Q: What happens to state support if there is a recession, if the state's revenues diminish?

Casteen: If times go bad, public institutions suffer. That's why you have to build your connections in good years. But within 15 years, the state [of CT] took back eight times more money before the end of the year, so that the university had to start the next year with a deficit. This is tough for any enterprise, but it is very tough for any enterprise that does not carry a balance forward through the year. If you end the year with a deficit, you start the year with a deficit. Public universities have always suffered disproportionately from economic turndowns. Because of that experience we are now trying to build some alternative sources of support, partly also in determining clearly our mission, so that if we ask for support, we can do it in terms of clearly defined terms. The style of managing a public university is quite different from that of private institutions. If you have less than $2 million as private money under the university's control, you have to be aware that you tie your record to the state's faith and cooperation.

Q: Are you making a commitment to make UConn a top basketball school or do you intend to neglect UConn's athletic reputation and favor intellectual growth? What kind of role do you attribute to athletics?

Casteen: One of the issues concerning the future of our athletics is that we can do a much better job for the future of the students. You are talking about a very expensive, visible part of what we are doing, a major part of the physical plant which touches a remarkable proportion of the student body. But athletics is also an activity that requires restudying and reformulation. To turn it another way, you don't get asked whether you have been creative in athletics. You are forced to develop better strategies for research. This university must develop a healthy and productive climate for everything. That fact is that universities have larger purposes to which we all, at least in some way, subscribe—which is to be healthy. We are looking at athletics and research policy and budget strategy and organization and facilities planning as the future of the state of this campus. And academic requirements, the core curriculum debate, and a number of other issues are clearly important to building a greater university. If you isolate one of those [aspects], you miss the point of the larger mission.

Q: We are now here in the U.S. undergoing drastic demographic changes. The overall birthrate is still low, and the number of 18-year-olds applying for admission to universities and colleges is on the decline. There will also be an increasingly multicultural scene at American universities. Hipanics and blacks are already the fastest-growing population groups. What does UConn do now—or plans to do in the future—to address these

A^2, It's been a long 4 years but we made it! It's time to face the real world. I know we're ready, but is the world ready for US?! Here's to the good times we've had and more still to come (Club Med)! We love you guys, love, Charlene and Lisa

STEPH- WHAT CAN I SAY? 4 YEARS AND WE'RE STILL FRIENDS. LET'S EVOLVE INTO ADULTS TOGETHER PEEN. LOVE ALWAYS, AIM

Hey Cindrome: Surprise! We've had our ups and downs but we made it!! Don't forget our laughing fits and our pillow fights! See ya in the fall -"Kapin"

"Fido" - Even though you're not a senior, here ya go anyway: A personal of your own! Remember - Anchovies! See ya in the fall - "Kapin"

Esther - All I can say is that I knew you could make it through four years here & to think you had your doubts! Well we're finally graduating & you have definitely helped me make these years as great as they were. Just remember I'll always be there if you need someone - 2 hours isn't that far! Love ya, Lisa

Charlene - Remember back to Freshman year when we could talk for hours about how much we hated this place? Now look at us four years later talking about how we can't wait to leave - but we sure did love the years in between! We have had some unbelievable times together from freshman year on.... I know I'll never forget them & much more. You've helped me through some hard times & I'll always love you for that. Take care. Love always, Lisa

Deb & Missy - I'm really glad I met you guys this year! It's too bad we didn't meet sooner, but if we did this campus would never be the same. It's been a great year! Good luck & don't be strangers (Besides Deb, we "ugly married women" have to stick together)! Love, Lisa

Deb- Roomie of 4 years, we're finally outta here! Remember grapefruits, scandal, solid gold dancers, fainting, Johnny in the bathroom, exacto blades, dots, kahlua, and all the other good times we've shared. I'll miss you, but our memories will last forever. Love, Heather

My good buds Janice, Patty, Wendy, Jackie, Lori, Jeanne - Thanx a million for the good times. I truly love you all. Love , your friendly Crest Consultant P.S. Keep in touch over the summer, OK darn it?

To the so-called 90% Angel: hope you enjoyed the semi-formal cause I know I did. But next time you'll have the screwdriver and I'll have the guy. Bonzo

Tish, Tony and Ant from Alsop: Three of my favorite seniors, really wish you all the best. Miss ya. Luv, Endicott

Anne, Ant, Cheryl, Tony (and my other graduating friends). What am I going to do without you guys? I'll miss you!
All my love, Ann

To mi amiga Leticia Maria: Felicidades! por fin lo lograste. Te deseo suerte y feliciadad en tu futuro. Gracias por tu amistad y compania. Te recordare siempre.
Dolly

SISTER ANNE,
CONGRATULATIONS! You've made it through four years and the last one was the best, we hope. We'll miss you! LOVE, VIP!

ALSOP B - THE PAST WEEK HAS BEEN TOUGH - SO WHAT - IT'S BEEN A GREAT YEAR - THANKS FOR MAKING IT ENJOYABLE! BEST OF LUCK - BARK, WOOF - DOG

Carol - Well, this is it. We've made it through two unbelievable years. It's going to be a big adjustment next semester not having you around as a roommate. I'm really going to miss you. You've helped me through so much and have put up with a lot from me. I just want to say thanks and let you know that most of my best times here were with you. Love, Teresa

Walk the West
Walk the West

Di and Gina - We've had the best of times with you - don't ever forget: Dynasty & wine , popcorn, late night Mac'n-cheese, macaroni parties Sunday nights, burps, knocks on wall, "Friends," floods, wild parties in your room junior year, birthdays, practical jokes, summer parties, late night talks, sleepovers, Trivia, subdued senior year, shots of brandy, lake trip, "the kids," bubble gum ice cream, semiformal, doggie piles, etc. Here's to the best of neighbors! Congratulations! We love you. T&C

Carol, Teresa, Diane, Gina, Thank you for making our year in Troy very special. All the laughs and good times - we couldn't have asked for any nicer "sisters." Love, Kathy and Maria

Kathy, Can you believe just four years ago we were so worried - thinking about our long road ahead, and look at us now! You have made the years extra special and I thank you for all the happy times and for just being you! You're a very special person. I'll miss you. Love, Maria

TO THAT NICE RIDGEFIELD BOY: THANKS FOR BEING A GREAT GUY ALL THESE YEARS. WHO EVER THOUGHT WE'D MAKE IT THIS FAR? SEND ME POSTCARDS! LOVE, KAREN

Oscar (Gutz) - Good luck in Syracuse although you'll probably become president of GE within five years! It's been a good four semesters - Take care - Gupper

Becky, The last few weeks have been the best. Congratulations on graduating! Maybe now we can see more of each other and determine who is the wierdest; I still think it's me. Love, Chic

Donna, Beth, Patty, Trish, Kathy, Alsop A gang, Natasha, Matuey, Masha, Tatyana, and Jackie - Here's your collective personal. I didn't forget you! Summer's here! Love, John

Zdravstvuite Ludmilla - We love the heck out of you. Thanks for everything! Don't grow up and be a nyet lady! Charasho letom! Vashie Drugie!

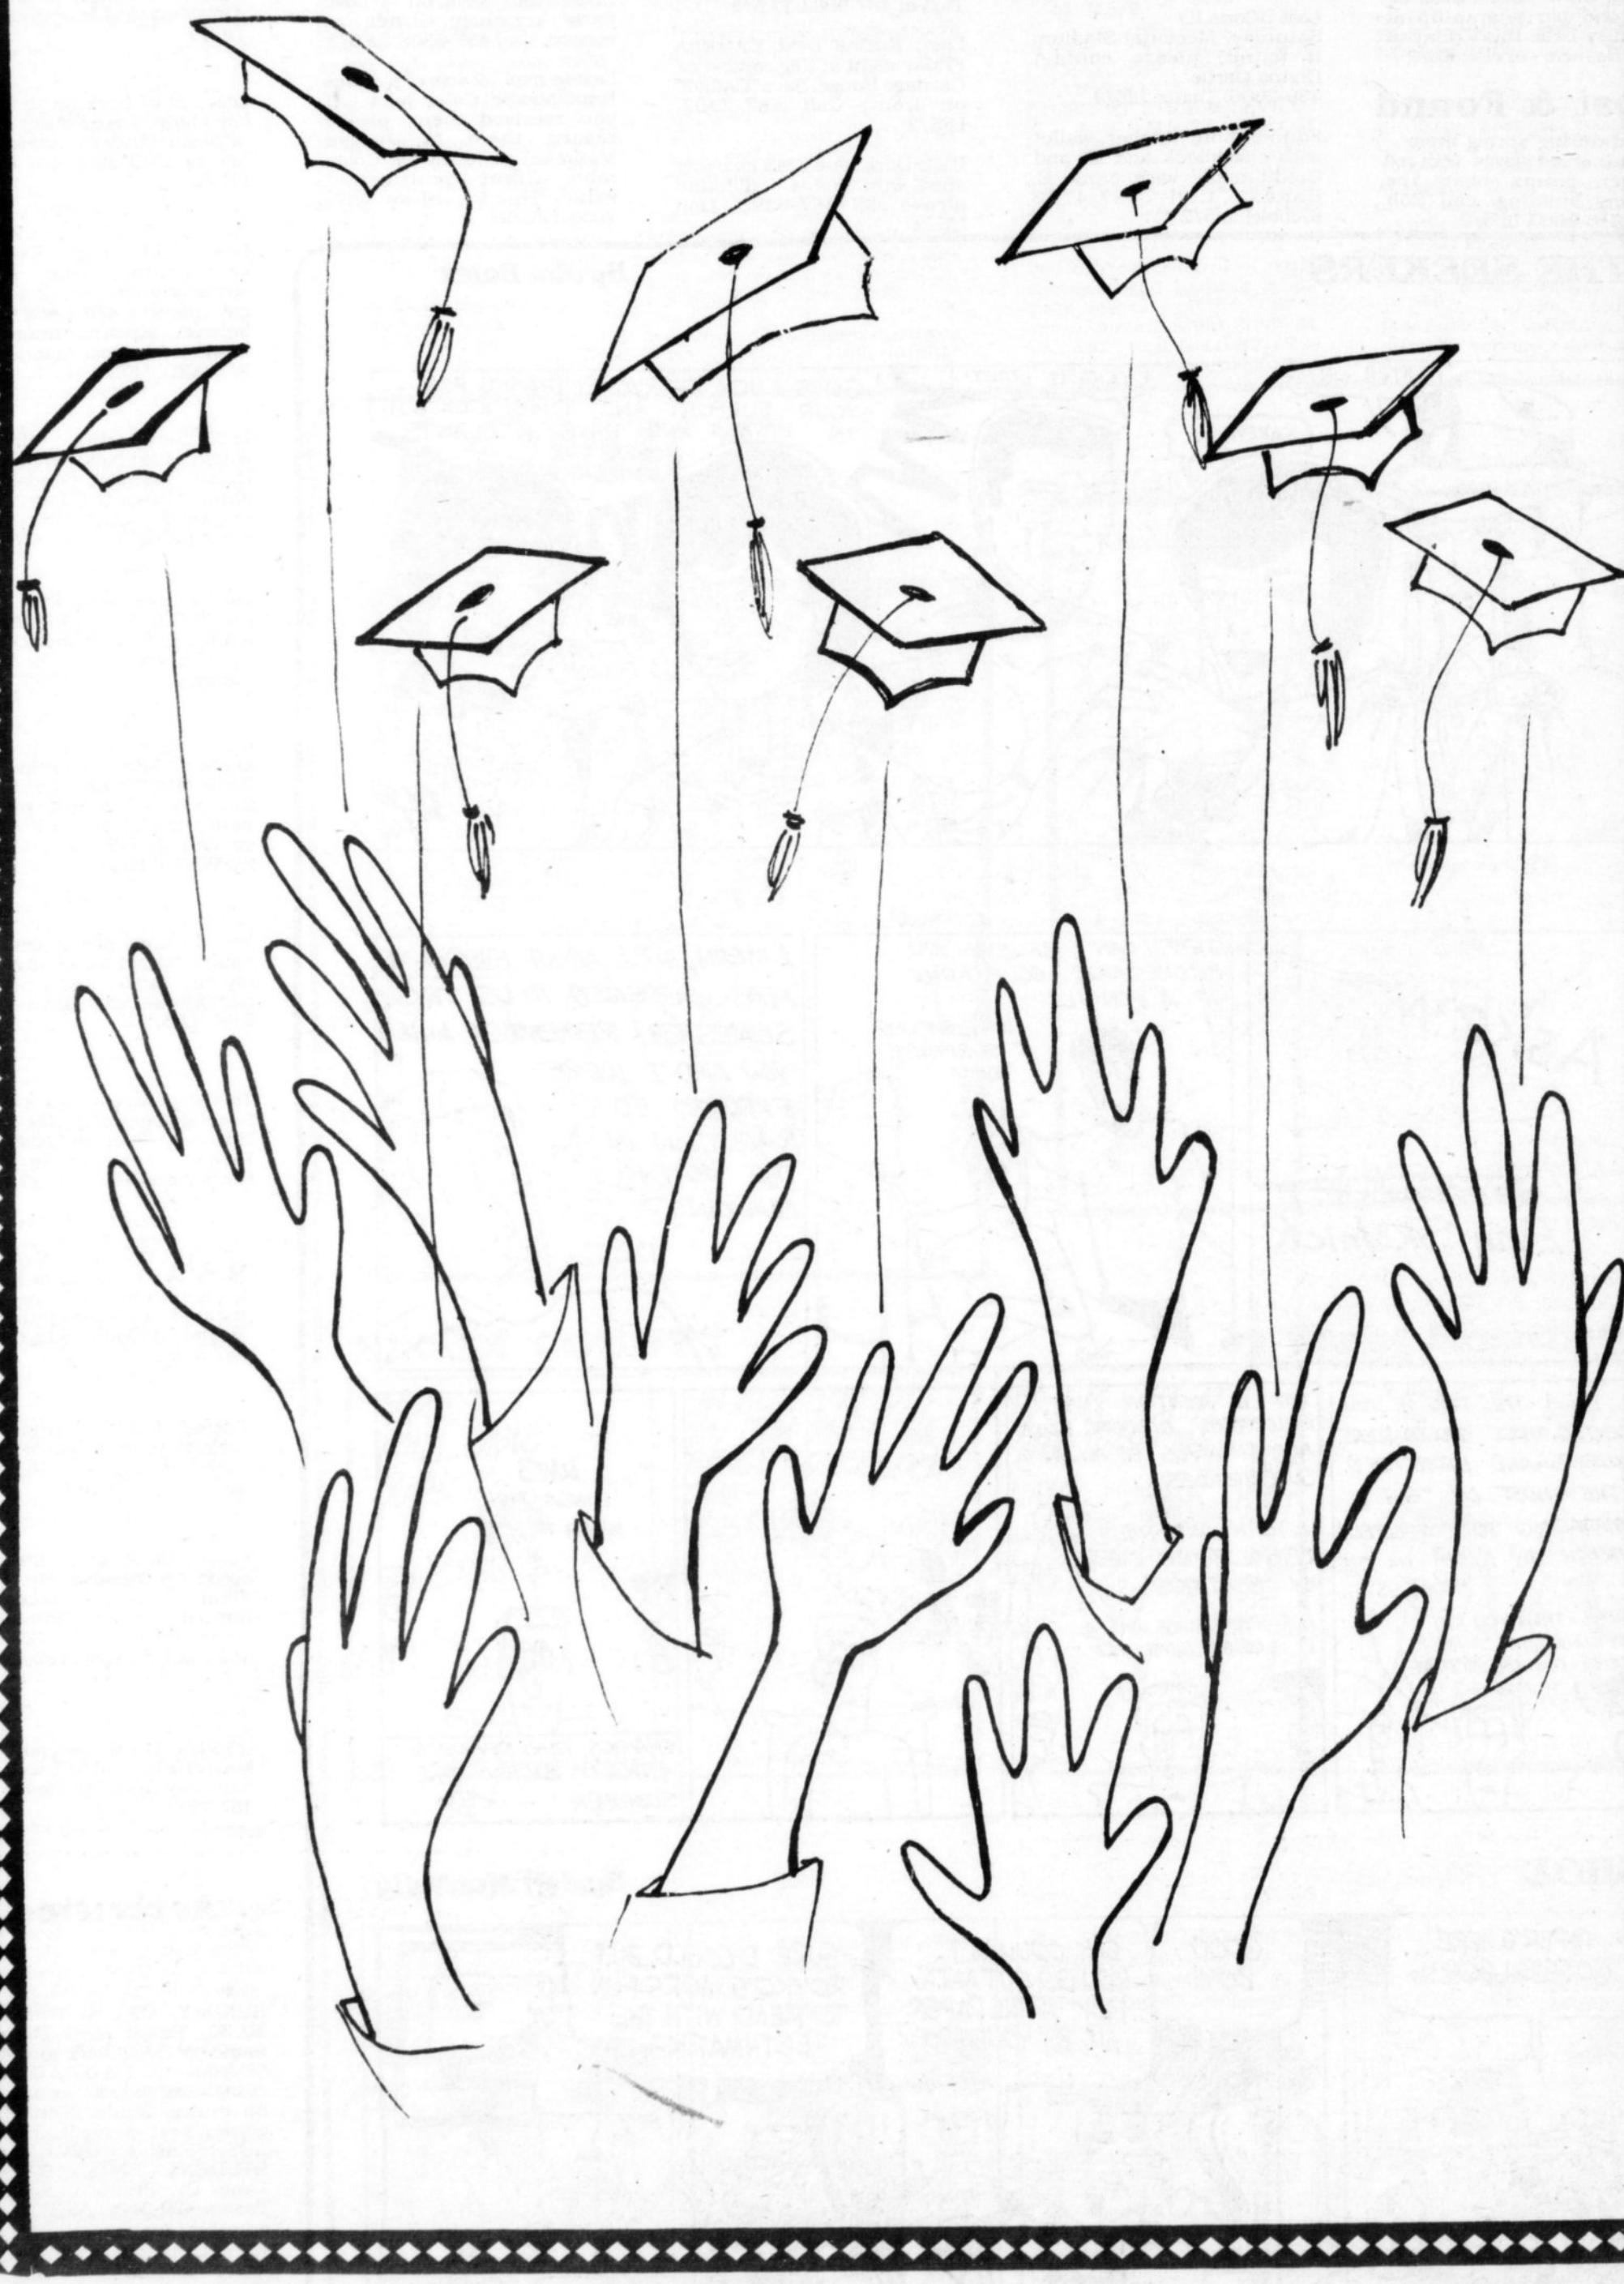
HATS OFF TO THE CLASS OF 1986



...Casteen's interview

From page 26

structural changes in its student body and to stay competitive?

Casteen: This is a very complex subject matter. The beneficiary of the demographic changes in the recent years has been the public university. Enrollment has dropped at the more expensive private institutions. In this state, there has actually been a 10 percent shift from private to public institutions, which exceeds the net population loss. Public institutions have grown because of what has been happening in the state's population. We now enroll in the public sector about 60 percent of the students who go to college from Connecticut high schools.

Q: What specifically has caused this shift in favor of public institutions?

Casteen: It is a combination of money and the demographic stratification of the birthrate. Children of wealthier families tend more often to go to private institutions. Wealthier families tend to have not as many children as less wealthy families. So there has been a large change in the population structure which has been quite beneficial to public institutions.

Q: What does UConn do to address this structural change?

Casteen: We are trying to build better connection to Hispanic and black students by going into high schools in the urban areas. CAP [Center for Academic Programs] is going through a period of reorganization. I am working as chairman of the state's commission designated to write a core, common program for the high schools as one way of assuring that they [minority students] get adequate training there. Several of our faculty members have been involved in curriculum changes here and in providing counseling, etc.

You can't stop demographic changes, and you don't want to. There has to be a constant process of self studying in a university. Academic planning, computer planning, changes in the executive structure and management. We have to rethink our goals in athletics. A project going on now is a policy memo for research in the CEPI park. Several of these programs will, in the end, work toward the kind of improvement we need. But all of them start our with a fairly harsh assessment of where we are now, saying up-front what our strengths and weaknesses are.

Q: What are UConn's strengths and weaknesses?

Casteen: One of our strengths is that we attract an extraordinarily large student body. Another is that the faculty has been very flexible with regard to its academic activities and, as a result, we now have an arrangement of disciplines and specializations. One is the state's willingness to go ahead and to repair some of the damages the state budget caused in the '70s. And I think a major strength is that the faculty two or three years ago decided to come to terms with its own future and built the academic plan as an initiative.

Weaknesses. We are a public institution, and are, therefore, tied into the state's economic sector. The population is changing. Therefore we have an obligation to understand the change and to benefit from it rather than to suffer.

Certain structural weaknesses. The buildings are too old. We need major investments here within the university which come at a time when the state is not very interested in capital outlet. We certainly need more buildings.

I think we have another weakness because we don't have a well-developed strategy for the regional campuses. They ought to be major academic and political pluses.

The general picture of the university's health and potential for future improvement which I got during the search process which brought me here is not as favorable as the picture that I have seen since I have come here. We are in considerably better shape than [generally thought].

Q: What are the prospects for UConn's future?

Casteen: I think that the prospects are excellent. I think the challenges are very serious. It would be foolish to pretend that there are not major issues that need to be resolved. it would also be foolish to assume that any given day we reach a point when the problems are solved—because you don't.

To acknowledge that there are deficiences, that there are resources to remedy them, that there are strengths and weaknesses—those are important steps toward making progress. You then need good sense and good persistence to stick with it. Universities don't make dramatic changes overnight and don't necessarily plan all the changes themselves. But the most important changes I know of are the result of concrete, hard-worked-up plans.

after the new Thumper's nightclub opened, the Mansfield Planning and Zoning Commission questioned whether the nightclub was a legal use for the building. The owners had a permit for a banquet hall. The commission took six months to decide whether Thumper's was a nightclub or a banquet hall. In the end the commission decided it didn't matter as long as there was adequate parking.

On the north end of campus, ground was finally broken for the addition to Engineering II; it had stalled in the maze of 52 state-required steps for the building.

Other projects got mired in the state approval process. A new sports complex, planned to feature an improved basketball facility, was on the drawing boards all year.

The ConnTech research park, planned to be built north of the Jungle, suffered what may prove to be a fatal blow. The town was unable to receive a Housing and Urban Development grant which would help finance the project. At last word, the project was given a 60-40 chance by Harry Hartley, a member of the board which is directing the development.

Two new projects, both by private business operators, were put on the drawing boards this year.

Area landlord Owen Sanderson proposed building a fraternity and sorority housing project, parking garage and mini-mall between Huskies Restaurant and Hilltop—Farmer Brown's lot.

Plans were put forth to build a small mall and office complex on the current site of the College Theatre on Route 195 south of campus. The plan, which is still in the approval stages, met resistance mostly from Mansfield residents who fear increased traffic.

Students didn't turn out in large numbers to protest the changes to the theater, but they were active in other social and political demonstrations.

Students lobbied in Hartford for the Bigger, Better Deal, a program to bring increased student aid and a better budget to UConn.

On campus, students voted 3-1 in a referendum in favor if selling university holdings in companies that do business in South Africa. The referendum, in protest of the South African government's program of racial separation, called apartheid, was followed up on April 11 by a demonstration for divestment. At a meeting later that day, the Board of Trustees approved total divestment by July 1.

Students joined together—literally—on March 20 to raise money for the hungry in the state. Hands Around UConn, modeled after Hands Across America, attempted to form a human chain encircling campus. Even though the loop failed to close, Hands Around UConn raised several thousand dollars.

UConn for Africa, modeled after USA for Africa, staged a UConn Live Aid concert in April to benefit USA for Africa.

The referendum on divestment was one of three held on April 8 and 9. There were two questions for student activity fee increases. A $3 increase was approved for radio station WHUS-FM 75 percent to 25 percent while a $5 increase for USG was defeated 55 percent to 45 percent. The defeat for USG was the second in two years. WHUS had lost a fee increase referendum in 1985.

In the fall semester, USG President Jay Stolfi took a "leave of absence" because of grades. Later that semester he tried to regain the presidency, but he found he was unwanted in that position.

Also in the fall, the state Freedom of Information Commission declared that student governments had to follow open record and open meeting laws.

In the spring, USG convened a Good Government Committee to examine the structure of the government and recommend changes.

One USG controversy which became larger than the government was *Shreds* magazine. Many considered the magazine obscene and USG balked at funding it, although the government attributed its hesitation to technical problems. The editors of *Shreds* eventually found funding elsewhere and published the magazine.

Just as *Shreds* editors said USG overeacted to the contents of the magazine, students accused the state police of overacting to the theft of a police radio from a party at Carriage House Apartments on Hunting Lodge Road.

Following the theft, police made "random" safety checks of motorists—mostly students many claimed—and handed out tickets for faulty tires, lights and other safety violations.

About a week after the party, the missing radio turned up at the Storrs Post Office.

Several weeks after the theft, Kenneth McIvor, a student living in Sprague Hall, confessed to stealing the radio.

Not to be outdone by the absurdity of the state police's reaction to the radio theft, UConn police started a spring semester crackdown on jay walking. The UConn cops handed out several written warnings and threatened to start writing $40 infraction citations.

The police canceled their crackdown on jaywalking just like several other events on campus were canceled.

The first to go was the controversial All-female Revue. The burlesque show was to be similar to the All-male Revue which had been held several times. The All-female version was protested by a group who said it violated women's rights.

Many media representatives, including television crews, came to campus to cover the show. The dancers, seeing all the attention the show was getting, backed out, fearing "overexposure."

In the spring semester, a fraternity canceled a charity fund raiser because of low turn out. A card of professional wrestling was scheduled for the same night as a show by hypnotist James Mapes. Organizers from the fraternity blamed the low turnout in part on the Mapes show.

The UConn Marching Band canceled a trip to Europe because of increased terrorism worldwide connected to the United States quarrel with Libyan strongman Moammar Khadafy.

The 1985-86 school year was a good year for on-campus lectures.

Feminist and publisher of *Ms.* magazine Gloria Steinem lectured to a beyond sellout crowd only days after hurricane Gloria blew through campus.

Steinem's lecture had to be moved from the Student Union Ballroom to the Fieldhouse because of an unexpectedly large turnout.

Two former presidential candidates also made stops at UConn.

In the fall, John Anderson lectured. In the early part of the spring semester, Jesse Jackson gave a rousing sermon about the American family.

In November, former Yippies Jerry Rubin and Abbie Hoffman squared off in the Yippie-Yuppie debate. Rubin now considers himself a Yuppie while Hoffman has clung to the Yippie ideals of the '60s.

The lecture year was closed out by Tom Wolfe, author of "The Right Stuff" and often called founder of the New Journalism, a title he doesn't like.

From page 36

The university bid a sad farewell to two students and a faculty member who died during the school year.

Michael W. Naylor, 20, of Crandall D, died when he was struck by a passing car on Halloween. The driver of the car was later charged with driving under the influence of alcohol in connection with the death.

Mayleen Adams, 26, a December graduate who was working at the university died February 2 in an auto accident on icy roads in Tolland.

Louis Deluca, 48, associate dean of liberal arts and sciences, died April 24 of natural causes.

While the year presented times for sorrow, it also presented times for joy.

Aileen Bell, president of the Black Students Association, was named the first black homecoming queen.

Daily Campus editorial cartoonist Bob Monahan was named the best college editorial cartoonist in the country for the second consecutive year in the Columbia Scholastic Press Association Gold Circle Awards.

Bert Singleton and Trenna Allen were named Mister and Miss Black UConn in the annual pageant.

In university administration, Anthony DiBenedetto, vice president for academic affairs, announced he would step down to return to the classroom.

DiBenedetto had been the major proponent of a core curriculum for all students. The University Senate passed a proposal approving a core curriculum late in the spring semester.

Besides changes in the curriculum, changes in the administrative structure may be in the near future. An assessment of the university's operations was conducted by the management consulting firm of Peat, Marwick, Mitchell & Co., which faulted the university for not being able support its accomplishments.

The university's animal research activities came under fire in the fall when the head of animal research, Harland Renshaw, was arrested in his home state of Massachusetts for cruelty to animals. Renshaw allegedly let farm animals there starve. He was relieved of his animal care duties here.

Mansfield politics infiltrated campus in October when town council candidate Scott Murray introduced a conveniently-timed proposal to reduce parking ticket fines on campus. The proposal proved full of holes and didn't go anywhere. Murray was elected to the nine-member council as the ninth-highest vote getter in the race.

Also in local political activity several churches agreed to support groups which harbor illegal aliens on social grounds.

The 1985-86 school year, like many before and many to come, has left its indelible mark on UConn history. It was a year which has left promise for the future. As it slips into the history books, it's up to those who graduate to leave the mark on world history and to those who stay to continue pushing the University of Connecticut into the future.

Another Year in Review

By Dean Orser
Daily Campus Staff

(Editor's note: The characters in this story have been assigned nicknames to protect the guilty.)

It was a year to remember. When Aldo and Candy showed up at my house on August 31, 1985, I knew things would be interesting.

After a brutal battle with Labor-Day traffic, we arrived at our humble abode in Carriage House. I had no idea that the fierce road trip we had endured on that day, would portend one of the most bizarre years in my college career: There were many Bs; big Bs. And there was a lot of "lipen." (The word "lipen" was ascribed to the idiomatic expression known as "lipping.")

First, here's a run-down of the residents who I lived with, and love dearly: Aldo, alias Aldo Vera; Candy, whose spontaneous road trip to Florida was an inspiration to us all; "The Road Wolf," my choice for delivery person of the year; and there was our own queen of queen bees: Sue; and myself, Yoel. One member, Diane, had a sudden departure from our house.

We also had a cat, Chokey. May he rest in peace.

And don't let me forget the house couch potatoes: Gabe and John. These guys were professionals at nursing hangovers.

Our first hurdle was Hurricane Gloria- what a messy woman she was. She left a huge tree across our front lawn, blew away our electricity and plumbing and sent us looking for ice to keep our beer cold. My roommates chastised me for refusing to go into a blue- collar bar in Willimantic to ask for ice. Sorry guys.

Next up was our Halloween party. I was Frank Zappa; Candy was Aladdin Sane; Aldo was Shiek B; Road Wolf was a pizza- just kidding- he was Yuri Andropov; Queen Bee was a space woman.

Our house was trashed that night. We were too.

(To avoid any anachronistic errors, I'm recounting this year chronologically, and carefully).

Before we knew it Christmas had arrived. And I guess it still remains, because or decorations can be seen shining through our windows to this day.

Ahhhhh.... Spring semester. Together we had a cumulative average of 1000 class cuts. Spring break saw Aldo, Candy, Gary and Road Wolf down in Ft. Lauderdale soaking up sun. I was in San Diego soaking up clouds.

I could feel the year winding down quickly. It was so refreshing to wake up in the morning and see Aldo with a B in hand; it gave me the strength to get up and get a B too. And whenever Candy or Queen Bee would come in at night telling me they had seen pedestrians scattering because of a silver streak, I knew who was terrorizing UConn and most of Northeastern Connecticut: The Road Wolf. It is a name that brings fear to people's faces- it's a name that has sent many a man into convulsions on the side of the road.

Then came Spring Weekend-the last bit of revelry and jocular festivities before final exams. Candy was jovial-happy birthday buddy.

Aldo and Road Wolf were at a wedding that weekend, but they made it back physically. And as for the Queen Bee, I've never seen someone party so fiercely as her and Diane. Let us be friends.

This story is dedicated to all of you. Because I had a final exam on the same night that I wrote this, forgive the pathetic prose with which I conveyed my thoughts. Good luck to all of you.

The Daily Campus wishes you best of luck on finals

Baseball tops Holy Cross, 11-5

WORCESTER, Mass.—UConn snapped a 5-5 tie with four runs in the top of the sixth and freshman Tom Eccles pitched four and one-third innings of scoreless relief as the Huskies coasted to an 11-5 victory over Holy Cross in collegiate baseball action Thursday.

The win, the Huskies' fourth in the last five games, puts UConn at 16-20 on the season. Holy Cross drops to 13-9.

Senior catcher Jim Sarantides led a 12-hit UConn attack with two triples and a home run. Three other Huskies added two hits apiece.

Eccles, now 2-0, entered the game with the score tied 5-5 with two outs in the bottom of the fifth. Over the final four and one-third innings, he retired all but two of the Crusader batters he faced, allowing only scratch singles in the seventh and eighth innings. Mark Zapatka, 0-2 took the loss for Holy Cross, yielding three runs on one base hit while allowing three walks.

The Huskies jumped out to a 5-0 lead in the top of the fourth on a double by Dave Lanese, back-to-back triples by Brian Stadalnik and Sarantides, and an inside-the-park home run by Scott Cormier.

UConn's four-run sixth inning rally was capped by Jerry LaPenta's three-run double. The double was the 147th base hit of LaPenta's career, tying the UConn all-time record.

The Huskies return to action Saturday with a 12 noon Big East Conference doubleheader with St. John's University.

Tennis falls to UMass

AMHERST, Mass.—UMass took four of the six singles matches en route to a 5-4 victory over UConn in men's tennis action Thursday.

The Huskies, now 6-5, will close out their spring campaign Friday when they host 1986 New England champion Massachusetts Institute of Technology in a 3:00 p.m. match at Storrs.

Get ready for summer

By J.E. Harris
Campus Correspondent

I know most of us are busy with finals right now. And some of us are still shedding tears for Kevin Dineen and the Whalers. Just last night I heard a guy out in the parking lot cry out to nobody, "I've been a Whalers fan since I was eight!" But blink away those tears. Look past those books. Summer is coming.

Besides tedious summer jobs, summer means sun, fun, and sports! And because you may be preoccupied with studying or packing to go home, I thought I'd help out with you a Summer-Sports-Spectator List. Make sure you are equipped with the following items.

1. Sunglasses: Extremely important at Shea, Fenway or any stadium.

2. Suntan Lotion: Might as well smother it on out there in those bleachers and impress the opposite sex.

3. TV Remote Control: For the spectator at home—a necessity. This makes it possible for one to continue to eat potato chips and drink beer, without interruption, while flicking from one game to another.

4. Check the cable bill. Don't forget this baby. Imagine what you'd miss if they cut out your cable service. Why, besides the additional ballgames on USA, Sports Channel, NESN, ESPN, etc., there has got to be more international kick boxing competition coming up in June.

5. Answering Machine. You might as well pick one up if you don't already have one. Imagine Dwight Gooden is facing Jack Clark in the 11th, bases loaded, two outs, full count, tie score, and your long-lost Aunt Mildred calls and wants to know everything that's happened to you in the past fifteen years.

6. Send in your check for *Sports Illustrated* and/or *Sporting News* subscription. You'll want to catch the low down on all the "expected" surprises—the firing of Lou Piniella (and hiring of Billy Martin?), the latest set of records broken by Pete Rose, the "For Sale" sign in Cleveland in front of Municipal Stadium, and the history making pitching performances of Roger "20 strike outs" Clemens.

7. A VCR, with a timer, and blank cassettes: To insure that not one episode of "This Week in Bseball" is missed.

8. Do Not Disturb signs to hang around your neck for the crucial pro wrestling matches, and ESPN's under-15 rodeo championships.

9. If someone criticizes your marathon viewing and says, "Baseball is boring," be ready with, "Baseball is only boring to boring people."

10. Cough drops (preferably Pine Bros cherry). These are for your throat after you've sat in your living room and screamed at a home-plate umpire for nine innings.

Stock up on the food and beverages, settle back, and have a great summer everyone!

Watching UConn roll

Two Harvard players watch as Thouki Stavrianidis brings the ball upfield while three Seton Hall players get a great view of Jeff King's slam dunk (Mark Caswell photos).

...Acton waxes nostalgic on year

From page 25

the coverage is getting better), tennis, and golf are just a few of the sports which usually get little mention but deserve just as much attention as men's basketball and football.

So as I assume my new position as editor-in-chief of this newspaper, I leave behind a sports department which has come along way in three years and is improving every year.

Finally, I think it's important for everyone to remember one thing: like it or not, UConn sports is the single most visible, largest publicized and constantly talked about feature of this university (why do you think there's so much interest on who the new men's basketball coach will be?).

Sports are here for the students, and it's unfortunate that more students don't take advantage of the pleasure of watching their peers partake in athletics. Believe me, I've spent a great deal of time watching just about evey team here play, and you'd be hard-pressed to find better entertainment at such a cheap price.

And don't worry, it's not necessary to blow off classes to be a UConn sports fan. It's only the sports editors who do that.
